William B. Deputy Surveyor
Stephen Reiter Surveyor

T. 25. N. R. 5. W. of the 3rd pt. M^{on}

Surveyor's Office. Saint Louis 22nd of June 1846.

The abstract of section 27 & 34, Township 25 north of the base line, range 5 west of the 3rd principal meridian, is hereby confirmed to the field notes of the survey thereof on file in this office which have been examined and approved. In March 1846, D. A. Spaulding, under instructions of the 2^d January 1844, surveyed the line detailed above, 6 miles 35.14 chains, which are indicated in an abstract certified by me, received by Mr. Spaulding and transmitted on this day to the Commissioner of the general land office, and his general instructions to his office of the 20th September 1844, for a direct settlement with that Deputy, out of the \$3000, appropriated on 17 June 1844, for surveying unfinished and detailed lines in Illinois & Missouri at a rate not exceeding 75 cents a mile. See page 75 acts & amend 28 Congress.

Copy sent to the Genl. & Register on 22nd June 1846 and another copy to the Register on 6 June 1848

J. R. Conway
Surveyor of the public land in the State of Missouri

Recorded

in 28100 13
15 West of the Principal Meridian

Act.
The south boundary of Township 26 North, Range 4 West of the 2^d P. M. (Standard) was run West, and at its intersection with the Illinois River, at 60.70 ch along the south side of Sec. 11, a corner was established for Sec. 11 & 26 North, Range 4 West.
The East boundary of Twp. 26 North, Range 4 West, was run North, and at 6 miles 31 Ch. intersected (nearly) the (1st) Meridian. The Meridian, a 1/4 Sec. line 26.20 Ch. East of Township Center, where it is post corner to Twp. 25 North, Range 4 West, Sec. 11. The line between sections 8 & 9 (T. 25 N. R. 4 W.) intersects the Township line 27.67 Ch. East of the corner thereon, as laid down on the plat. While the line between Sec. 6 & 7 (T. 25 N. R. 4 W.) is made 80.22 Ch. The area was therefore, occupied by the Deputy Surveyor who surveyed the line between Range 4 & 5 W. having proceeded from its intersection with the Meridian, West 6.20 Ch. to the 1/4 Sec. corner thereon, and concluding that the "Township Center" was just 20.00 Ch. further West, when it might have been of the Illinois River had not introduced, of which circumstance he was perhaps not aware.

The area of Sec. 1, T. 25 N. R. 4 W. therefore cannot be determined until the true location of the Illinois line with the Meridian shall have been ascertained.
The Meridian of Twp. 26 North, Range 4 West, is incomplete & the area is not calculated.

Surveyor's Office
St. Louis 14th August 1835

In consequence of the urgent demand for a plat of Section 6 T. 25 N. R. 4 W., which is dependant for the determination of its area upon the interpolation of the East boundary of section 1 of this township; and it being so certain from what is stated above, and from the concurrent evidence of the adjoining surveys, that the said East boundary of section 1 intersects the standard line at 630 chains East of the quarter-section corner on the south boundary of section 31 T. 26 N. R. 4 W.; that has been taken as the true intersection, and the plat of section 1 of this township has been constructed and its area calculated accordingly and a copy sent to the Register and Commissioner of the Public Lands.

Subdivided under the Act of Congress of the 5th of April 1832 and sent one copy to the Register and another to the Commissioner of the Public Lands.

The above plat of Township 16 North of the base line, range 5 West of the 3rd principal meridian, is strictly conformable to the field notes of the survey thereof in this office, which have been examined and approved. The south boundary was surveyed in March 1821, by A. L. Langham, under contract of the 5th of April of the same year. The east boundary, the west boundary, the north boundary, the subdivision lines and the meanders of both hands of Sangamon river, were surveyed in April and May 1821, by A. L. Langham, under contract of the 5th of April of the same year.

Surveyor of the public lands

The image displays two hand-drawn maps of a road network, likely for a survey or planning purpose. The maps are oriented with North at the top, indicated by an arrow. The top map shows a road layout with handwritten labels: 'East 57-48' at the top, '1600' on the left, '55-48' and '116-63' on the right, and '57-55' at the bottom. The bottom map shows a similar layout with labels: '1600' on the left, '57-34' and '128-77' on the right, and '57-55' at the bottom. A large, irregular blacked-out section covers the central part of both maps, obscuring the road details in that area. The maps are drawn on a grid of squares, with the roads following the grid lines. The handwriting is in black ink on a light-colored background.

The above Plat of Sec 27, in Township 17 North, Range 6 West of the 3rd P. M. &c. is conformable to the field notes on file in this office -

Township N^o 3 North Range N^o 7 West of the 3^d Meridian

Note
The first survey of the south boundary of S. 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

Note
In consequence of error in the first survey of the East boundary of this Township the East boundary of Sections 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

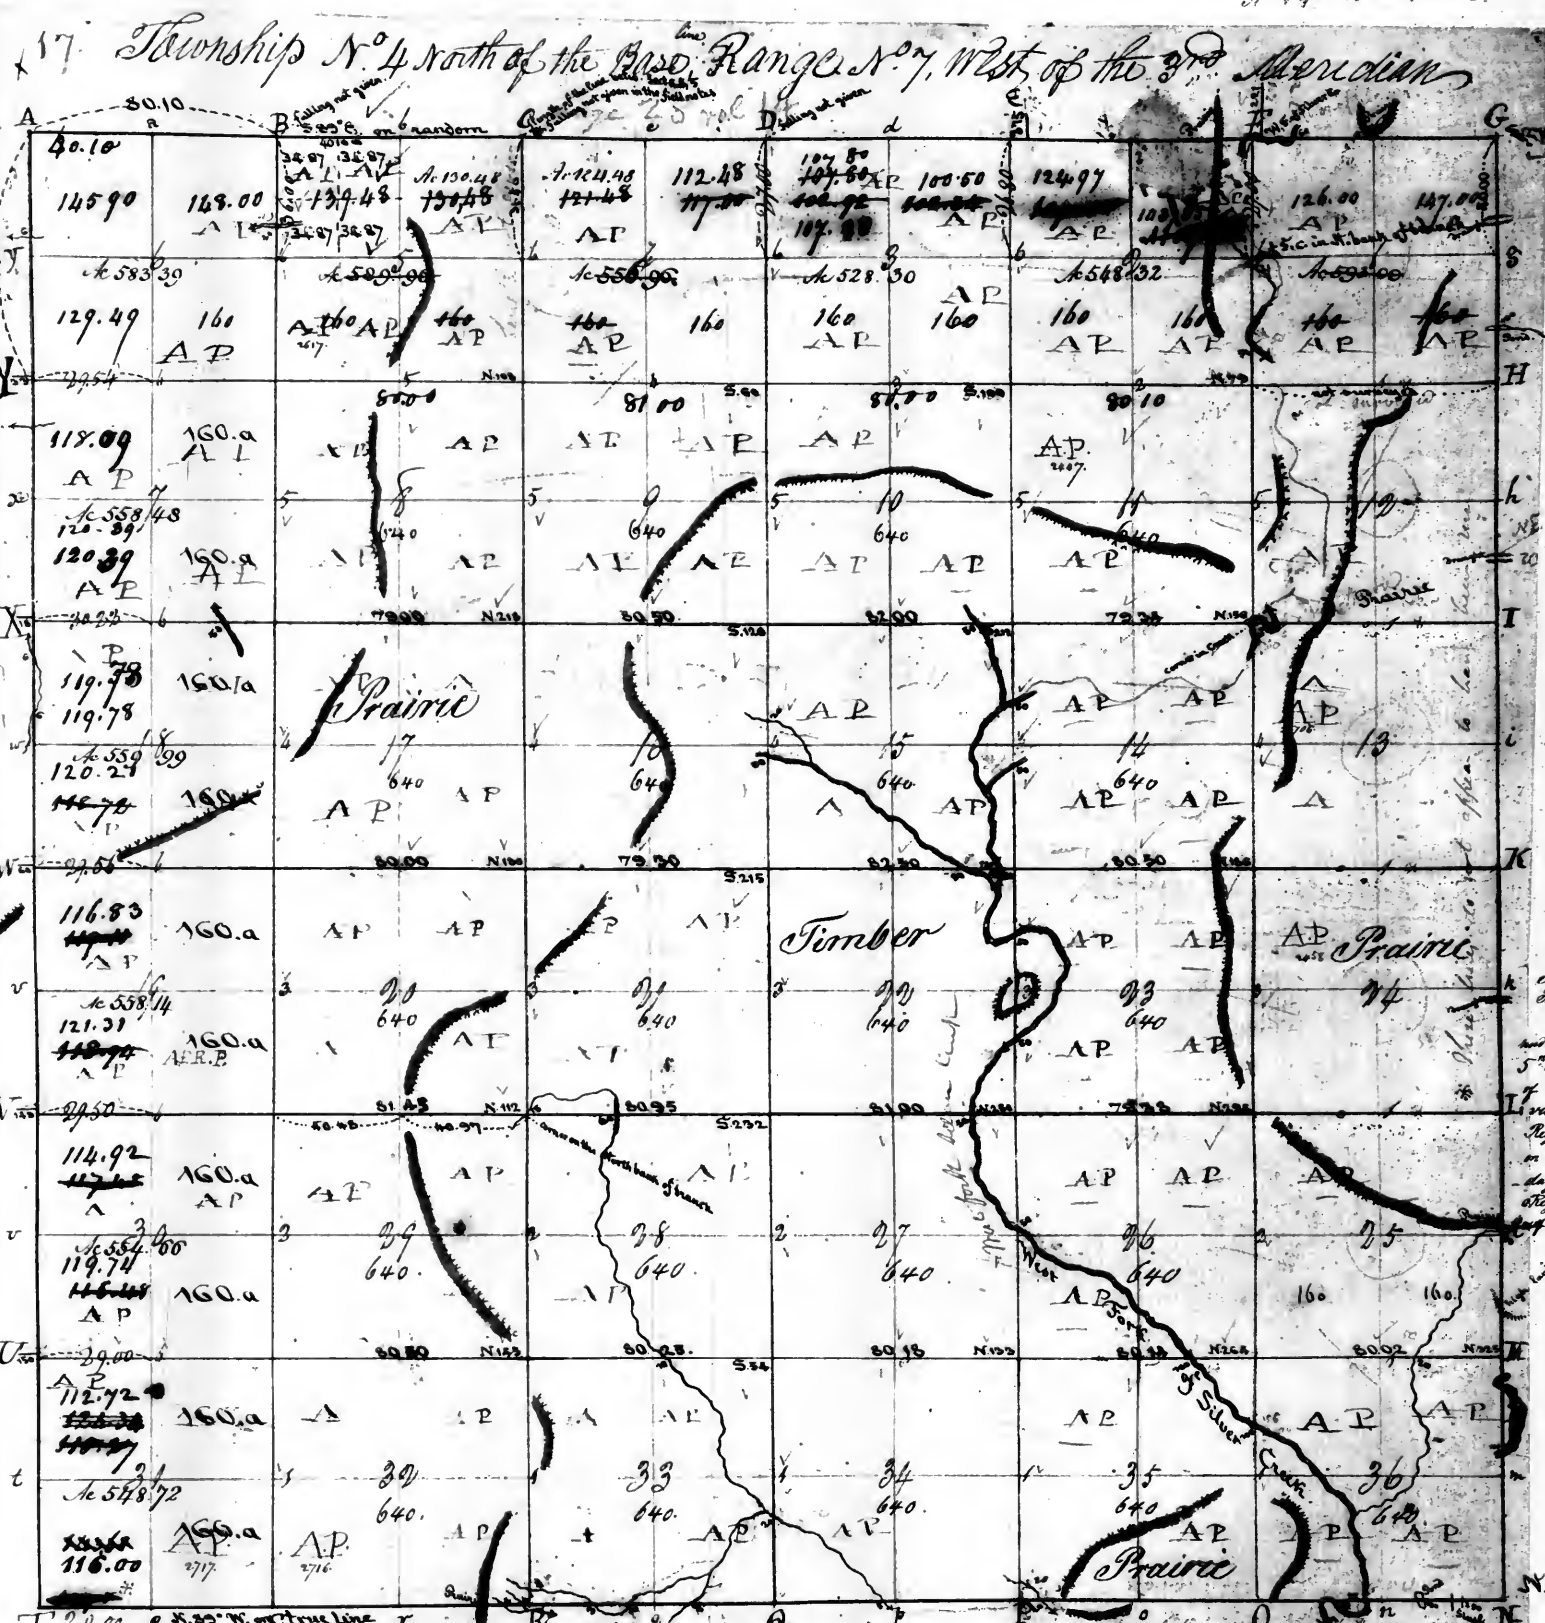

Perseverance to a contract with and instructions from Jared Mansfield Esquire Surveyor General of the United States I have measured laid out and surveyed the above described Township and do certify that it has such marks and bounds both natural and artificial as are represented on said Plat and described in the field notes made thereof and returns with the Plat into the Surveyor General's Office
certified this 8th day of April 1841.

Surveyor's Office. Saint Louis 9th of December 1841.

The above plat of township 3 north of the base line, range 7 west of the 3^d pt. meridian, is strictly conformable to the field notes of the Survey thereof on file in this office which have been examined and approved. The west boundary was surveyed in January 1808, by John Mearns - The east and South boundaries were surveyed in April 1808 by John Mearns and partly resurveyed by Nelson Rector in February 1811 - The north boundary was surveyed in April 1808, by John Mearns, and partly resurveyed in February 1812 by W^m Rector. The subdivision lines were surveyed in February 1811, by Nelson Rector - and Survey N^o 763 - claim N^o 526, a part of which lies in Sections 31 & 32, was surveyed for the heirs of James Toddwell, by W^m Rector, Deputy Surveyor, on the 24th February 1812 - The contract of John Mearns for his surveys in this township is dated 17th of July 1807. The surveys & resurveys by Nelson Rector & by W^m Rector, were under the contract of W^m Rector of September 1810.

Jos. C. Brown
Surveyor of the public lands for
the District of Illinois & Missouri.

N. 89° 20' W. on line

Surveyor's Office,
Saint Louis 17th Feb. 1841.
Subdivided
under the Act of Congress of the
5th of April 1832, the N.E. quarter
of Sec. 5 is a to conform to pre-
vious sales as reported by the
Register of the district land office
on the 4th July 1843, and sent two
day copies of the plat one to P.
Weg. and another to the Comm.
of the Genl. Land Office.

Pursuant to a contract with and instructions from James Mansfield Esquire, Surveyor General of the State of Missouri, bearing date the day of I have examined laid out and surveyed the above described Township and do hereby certify that it had such marks, both natural and artificial, as are represented on this plat, and described in the field notes made thereof and returned with this plat into the Surveyor General's Office.

Dated this 8th day of April 1812

The South boundary of this town was not measured, and was corner established - the old measurement being represented as too short. See field notes of said survey.

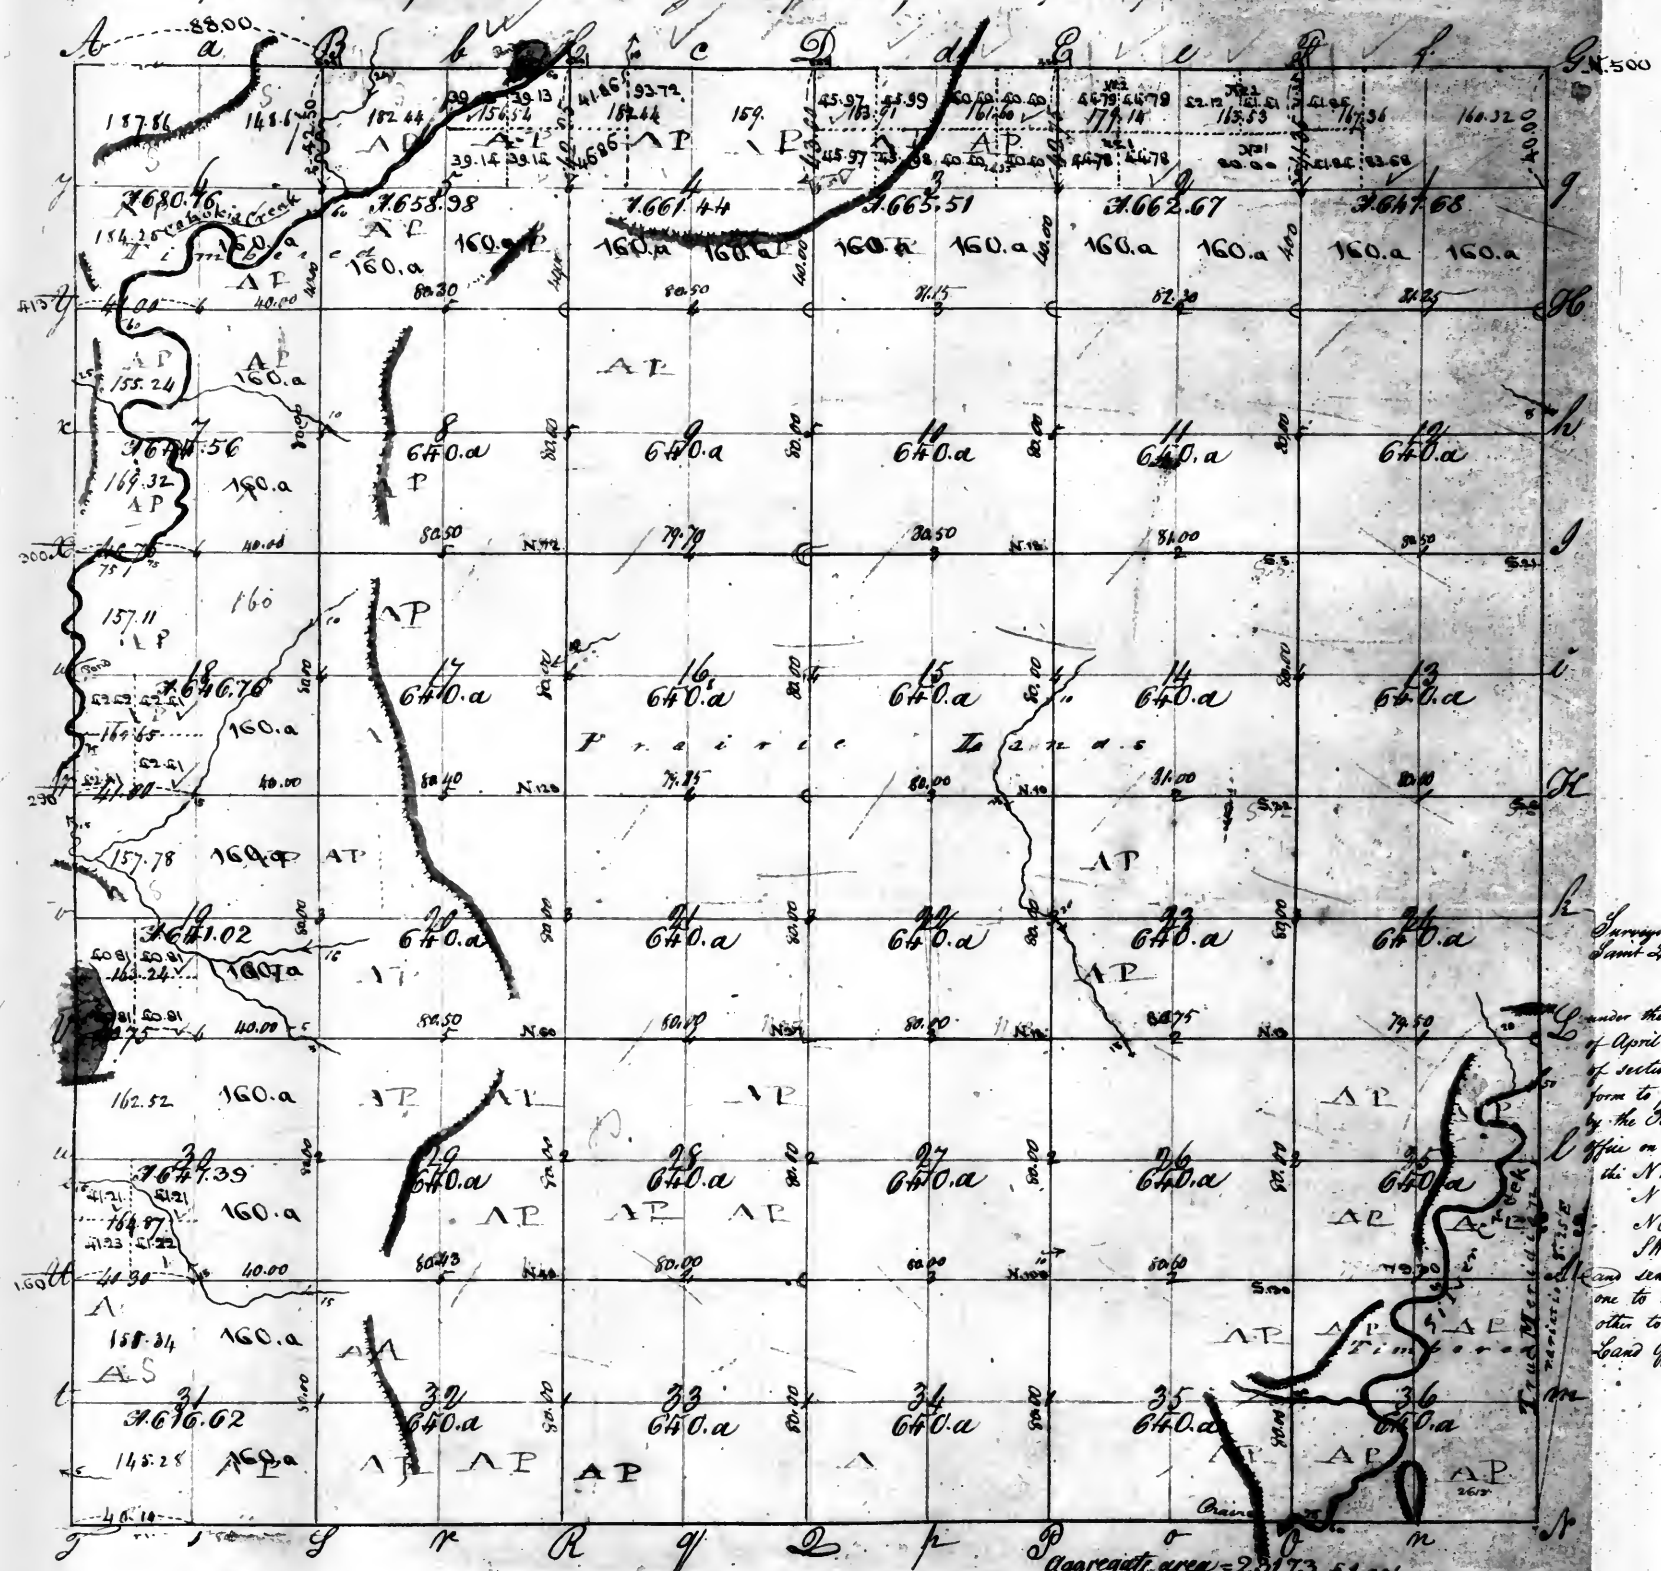

Surveyor's Office. Saint Louis 3rd of December 1841.

The above plat of township 4 north of the base line, range 7 west of the 9th principal meridian is nearly conformable to the field notes of the survey thereof on file in this office, which have been examined and approved, except section 12. 13. 24 - the South half of section 1 - the north half of section 25 - the west half of section 4 - and the east half of section 5, which are omitted because there are no notes found of the following lines, namely, between sections 24. 25 - 24. 25 - 13. 24 - 12. 24 - and 4. 5 - The west boundary 6 miles - the east boundary 6 miles - were surveyed in April 1808, by John Mearns - The South boundary 5 miles and 63 chains, was surveyed in April 1808 by John Mearns - it was nearly resurveyed in February 1812, by Wm. Rector, under contract of September 1810 - The north boundary was run in April and May 1808, by John Mearns, on a random line from the N.W. corner of the township S 89° E 6 miles and 10 chains where it for 277 links South of the N.E. township corner - and corrected N 89° 20' W 80.00 chs. along the S. by of Sec. 26 - S. 89° 20' W - and 10 chains along the S. by of Sec. 25 - where it was stopped. There are no notes found of the remainder of this corrected line - The subdivision lines were surveyed in February 1812, by Wm. Rector, under his aforesaid contract of September 1810. The surveys by John Mearns in this township were executed under contract of the 17th of July 1807.

Jos. C. Brown
Surveyor of the public lands for
the district of Missouri & Wisconsin.

The above plat of the North West fractional quarter of section 6, the North East fractional quarter and the West half of the South East quarter of section 8, the North West fractional quarter and the West half of the South West fractional quarter of section 9, all in Township 2 North of the Base line Range 8 West of the 3^d Principal meridian is correctly copied from the plat thereof on file in this Office -

This is a historical land survey map of Township No. 2 North, Range No. 8 West of the 3rd Meridian. The map is a grid of land parcels, many of which are labeled "A.P." (Agricultural Parcel) and "640 A." (640 Acres). The map includes various handwritten annotations such as "Timber", "Prairie", and "Lumber". The map is titled "Township No. 2 North of Range No. 8 West of the 3rd Meridian" and features a network of roads and boundaries. The map is a detailed historical document, likely from the 19th century, showing the layout of land parcels and the progress of settlement in a specific region.

Guerrero's Office
Don Juan Luis 15^o Feb^o 1844.
 Subordinated under the
 Act of 1832 to conform to provisions
 as reported by the Register
 on the 4th July, 1843, viz:
 the N^o 97th sec. 1 (am)
 the N^o 97th of sec. 2
 (am) sent, to day, copies of the
 plat, one to the Reg^r. and an
 other to the Com^o.

John Sprague } Dep. Secy
Jacob J. J. }

The map is a grid-based survey of land, divided into two main regions: **Prairie** (left) and **Timber** (right). A winding road or path runs through the center, separating the two regions. The map is divided into 10x10 blocks. Each block contains a numerical value (e.g., 160.0, 170.0, 180.0) and a letter 'a'. The map includes various annotations such as "corrected East", "West on random", and "N.E.", "S.W.", "N.W.", "S.E." directions. The overall layout is a grid with a central path and two distinct regions.

St. Louis 10th May 1842.

Surveyors Office. Saint Louis, 31st of January, 1844.

*The above plat of Section 15—of sections 22, 27, 28, between the western bank of the lake and
the river, and of an island in sections 22, 24, 28, in Township 31 north of the base line, range 3 east of the 3^d principal meridian, is strictly conformable
to the field notes of the survey and recovery thereof, on file in this office, which have been examined and approved. On December 1843, B. A. Spaulding,
under instructions of the 1st of September 1843, surveyed and re-ran the lines described in the above Statement, 3 miles 5.97 chains, which were
paid for in the 4th quarter of 1843 and charged in the account current of the Surveyor General, during the same quarter under the appropriation of
\$2000, made on the 3^d of March 1841, for surveying 500 miles of detached and unfenced lines in Illinois and Missouri, at a rate not
exceeding 40¢ Dollars a mile. See page 23, act of the 2^d session of the 28th Congress.*

Silas Reeds
Surveyor of the public lands in
the States of Illinois & Missouri.

Pursuant to a contract with and instructions from William Keeta Surveyor of the lands of the United States in the States of Illinois, Missouri and Territory of Arkansas, bearing date the March day, February 1884, have and measured, laid out and surveyed the above described Township, and do hereby certify that it had such marks and bounds both natural and artificial, as are represented on said plat and described in the field notes made thereof and returned with this plat into the Office of the Surveyor of the lands of the United States for the State of Illinois, Missouri & Territory of Arkansas.

Wm. Keeta

Plot of the S.E. & S.W. quarters of Section 25; S.E. quarter of Sec. 26; S.E. quarter of section 30; N.E. N.W. & S.W. quarters of Sec. 31; N.E. & N.W. quarters of section 32; frac. Sec. 33 & 34; N.E. N.W. & S.W. quarters of Sec. 35; N.E. & N.W. quarters of Section 36; Township 19 North, Range 10 West of 3rd principal Meridian.
 Subdivided under the Act of Congress of 5th of April 1832.

Note The line between Sec. 25 & 26 was surveyed as follows East between sec. 25 & 26. 14.50 ch. to Sangamon river (at corner No. 9); 17.26 chains across sangamon river (to corner No. 16); 35.75 chains to sangamon (at corner No. 15); 39.75 chains across sangamon (to corner No. 9); 45.25 ch. to sangamon (at corner No. 11); 48.50 chains across sangamon (to corner No. 14); 72.50 chains the sangamon (at corner No. 13). The line between sec. 30 & 31 was surveyed as follows, West, between Sec. 30 & 31, 650 chains to sangamon river (at corner No. 27); East between sec. 30 & 31, 29.40 chains to a bend of Sangamon river (at corner No. 26) 39.00 ch. across said bend (to corner No. 25) 56.88 chains to sangamon river (at corner No. 28) from which, corner No. 27 bears S. 24 E. 2.50 chains.

Note. The field notes represent the line between Sec. 30 & 31 South of the river as being 37.70 chains; which is so evidently about 10 chains more than its actual length that it is considered as being but 27.70 chains in the construction of the plat and calculation of the areas dependent thereon. There being no quarter section corner established on the line between Sec. 30 & 31, the plat is constructed & the areas of the adjoining fractions are calculated upon the principle that the N.E. & S.W. quarter section line dividing section 30 will be run parallel to the West boundary of the Township; which fixes the place of said quarter section corner at 23.14 chains East of the corner on the Range line.

Surveyor's Office
 St. Louis 22nd Dec 1835.

The above plat of the S.E. & S.W. quarters of sec. 25; S.E. quarter of Sec. 26; S.E. quarter of section 30; N.E. N.W. & S.W. quarters of section 31; N.E. & N.W. quarters of section 32; fractional sections 33 & 34; N.E. N.W. & S.W. quarters of section 35; N.E. & N.W. quarters of section 36, Township 19 North, Range 10 West of 3rd principal Meridian, is correctly copied from the plat thereof on file in this Office.

E. J. Sangham

20

Practical Township No. 19 north of the baseline of Range No. 10 West, the 3rd

The line between Sec 25 & 26 was changed as follows: East between Sec 25 & 26, 14.50 ch. to Sangamon river (at corner No. 2); 17.26 ch. across Sangamon river (to corner No. 16); 38.75 ch. to Sangamon (at corner No. 15); 37.75 ch. across Sangamon (to corner No. 9); 46.25 ch. to Sangamon (at corner No. 10); 48.50 ch. across Sangamon (to corner No. 14); 72.50 to Sangamon (at corner No. 13); The line between Sec 30 & 31 was surveyed as follows: West between Sec 30 & 31, 650 ch. to Sangamon river (at corner No. 27) and East between Sec 30 & 31, 29.40 ch. to a bend of Sangamon river (at corner No. 26); 37.00 ch. across said bend (to corner No. 25); 36.88 to Sangamon river at corner No. 25 from which, corner No. 27 bears S 22 E 2.50 ch.

There being no quarter section corner in the line between Sec 30 & 31, the plat is constructed by the areas of the adjoining fractions are calculated upon the principal that the N. & S. quarter sec. line of Sec 30 will be run parallel to the West boundary of the Township which fixes the place of said sec. corner at 23.14 ch. East corner on the Range line.

The S.E. & S.W. of Sec 25, S.E. of Sec 26, S.W. of Sec 27, N.E. of Sec 28, N.E. of Sec 29, N.E. of Sec 30, N.E. of Sec 31, N.E. of Sec 32, N.E. of Sec 33, N.E. of Sec 34, N.E. of Sec 35, N.E. of Sec 36, have this day been subdivided & put down on this plat accordingly, sent to the Reg. & one to the Gen. Land Office, on 10th Dec. 1823.

Aggregate area of public land estimated area of the river. Total - 22409

* Note. The field notes represent the line between Sec 30 & 31 south of the river as being 37.70 chains; which is it evidently about 10 chains more than its proper natural length, that it is construed as being but 37.70 chains in the construction of the plat and calculation of the areas dependent thereon.

Scale of 1 inch = 1 mile

Pursuant to a contract with and instructions from William Rector, Surveyor of the lands of the United States in the States of Illinois and Missouri and Territory of Arkansas bearing date the 12th day of June 1823 I have examined, laid out and surveyed the above described Township and do hereby certify that it had such marks and bounds both natural and artificial as are represented on said plat and described in the field notes made thereof and returned with this plat into the office of the Surveyor of the lands of the United States in the States of Illinois and Missouri and Territory of Arkansas.

B. SURVEYOR.

This is a detailed survey map of a 36-section township, showing land parcels, timber, and prairie areas. The map includes section numbers, acreage, and handwritten notes.

The map is divided into 36 sections, numbered 1 through 36. The sections are arranged in a 6x6 grid. The map shows various land parcels, some of which are shaded or outlined in black. The areas are labeled with their respective acreage, such as 160.00, 160.01, 160.02, etc. The map also shows the locations of timber and prairie areas, with labels like "Timber" and "Prairie" written in large, stylized letters.

The map includes several handwritten notes and annotations. At the top, there is a note "page 47 vol 15". At the bottom, there is a note "Aggregate area = 23295.72 ac". There are also several small notes and annotations scattered throughout the map, such as "S. 20' E.", "S. 15' E.", "S. 10' E.", "S. 5' E.", "S. 0' E.", "S. 5' W.", "S. 10' W.", "S. 15' W.", "S. 20' Office of the Surveyor General for Illinois & Missouri.
 St. Louis 3 November 1849.

The island on sections 11 & 14 is this day laid down on this plat of Township 17 North
 of base line and range 13 west of the 3^d principal meridian, strictly conformable to the
 field notes of the Survey thereof on file in this office which have been examined and
 approved. The said Survey was executed by S. M. Tweney in 1849, under instructions of
 the 18th December 1848. The meanders around the island amount to 1 mile 16.60 chains, and
 the sectional line across the slough and the island to 3.56 chains, together 1 mile 20.16
 chains, which are given for this day and charged in the account current for the 18th
 1849, under the appropriation of \$1200. of the 13th March 1849, for the Survey of acreages
 and defective lines in Illinois and Missouri, at a rate not exceeding \$14 dollars per
 mile. See page 65 acts of 2^d session 30th Congress.

M. Lewis Clark

North boundary in book 265 date March 1816
Subdivision in book 1147 date March & April 1817
S. by of one ³⁶ township as Nov. 1827 - see book 1338.
For the manner in which point, at which the survey of the 4th join west commences was devised see Illinois book 11 - 275.

Pursuant to a contract with and instructions from William Bester Surveyor of the Lands of the United States in the Territories of Illinois and Missouri
 bearing date the day of October 1856 I have examined said act and Survey of the above described Townships and do hereby certify that it had such marks
 and bounds both natural and artificial as are represented in said plat and described in the field notes made thereof and returned with this plat in to the office of the
 Surveyor of the Lands of the United States in the Territories of Illinois and Missouri
 Jeddithus Dimmick D.S.

W. 1/2 Sec. 1, T. 2 N., R. 1 W., of the IV Principal Meridian.

Page 2 of 16

Surveyor's Office
St. Louis 15 January 1867
Subscribed the N.E. 1/4 of Sec. 2 & 4 to also
conform to previous sales (marked 5) &
sent a copy to the Register & another copy
to the Commr. of the General Land Office.

Surveyor's Office
St. Louis 15 Feb. 1867
Subscribed under the
Act of 1852, the N.W. 1/4 of Sec. 3 & 4
also as to conform to previous sales as
reported by the Reg. on the 15th day 1867
the N.W. 1/4 of Sec. 2 & 3
the N.E. 1/4 of Sec. 3
Sent each to-day, copies of the plat one
to the Reg. & another to the Commr.

The areas of the fractional
quarter sections on the N.W.
1/4 of this Township were
mentioned on this plat
19th July 1866.

Note: The line on the correction line between sections 10 & 11
is stated in the f. notes to be established at 139^{ch} 79^{ch} 2^{ch} from
the sect. corner: which is apparently a mistake in
selling down the figure. W. H.

Surveyor's Office
St. Louis 19th July 1866

The above plat (with the exception stated in the foregoing note) is
conformable to the f. notes on file in this office.

Wm. H. Bee
Sur. of Ill. Sup. & Ark.

No. 100, 1000
Surveyor's Office
St. Louis, Mo. June 1886
On comparing this plat with the
field notes and correcting the same,
as to conform to the notes, it was
found that the length of the section
lines on this plat on the northern tier
of sections did not agree with those contained
in the notes. The error was therefore
drawn over them, and the correct
distances in the field notes, but on the
other side of the section lines.

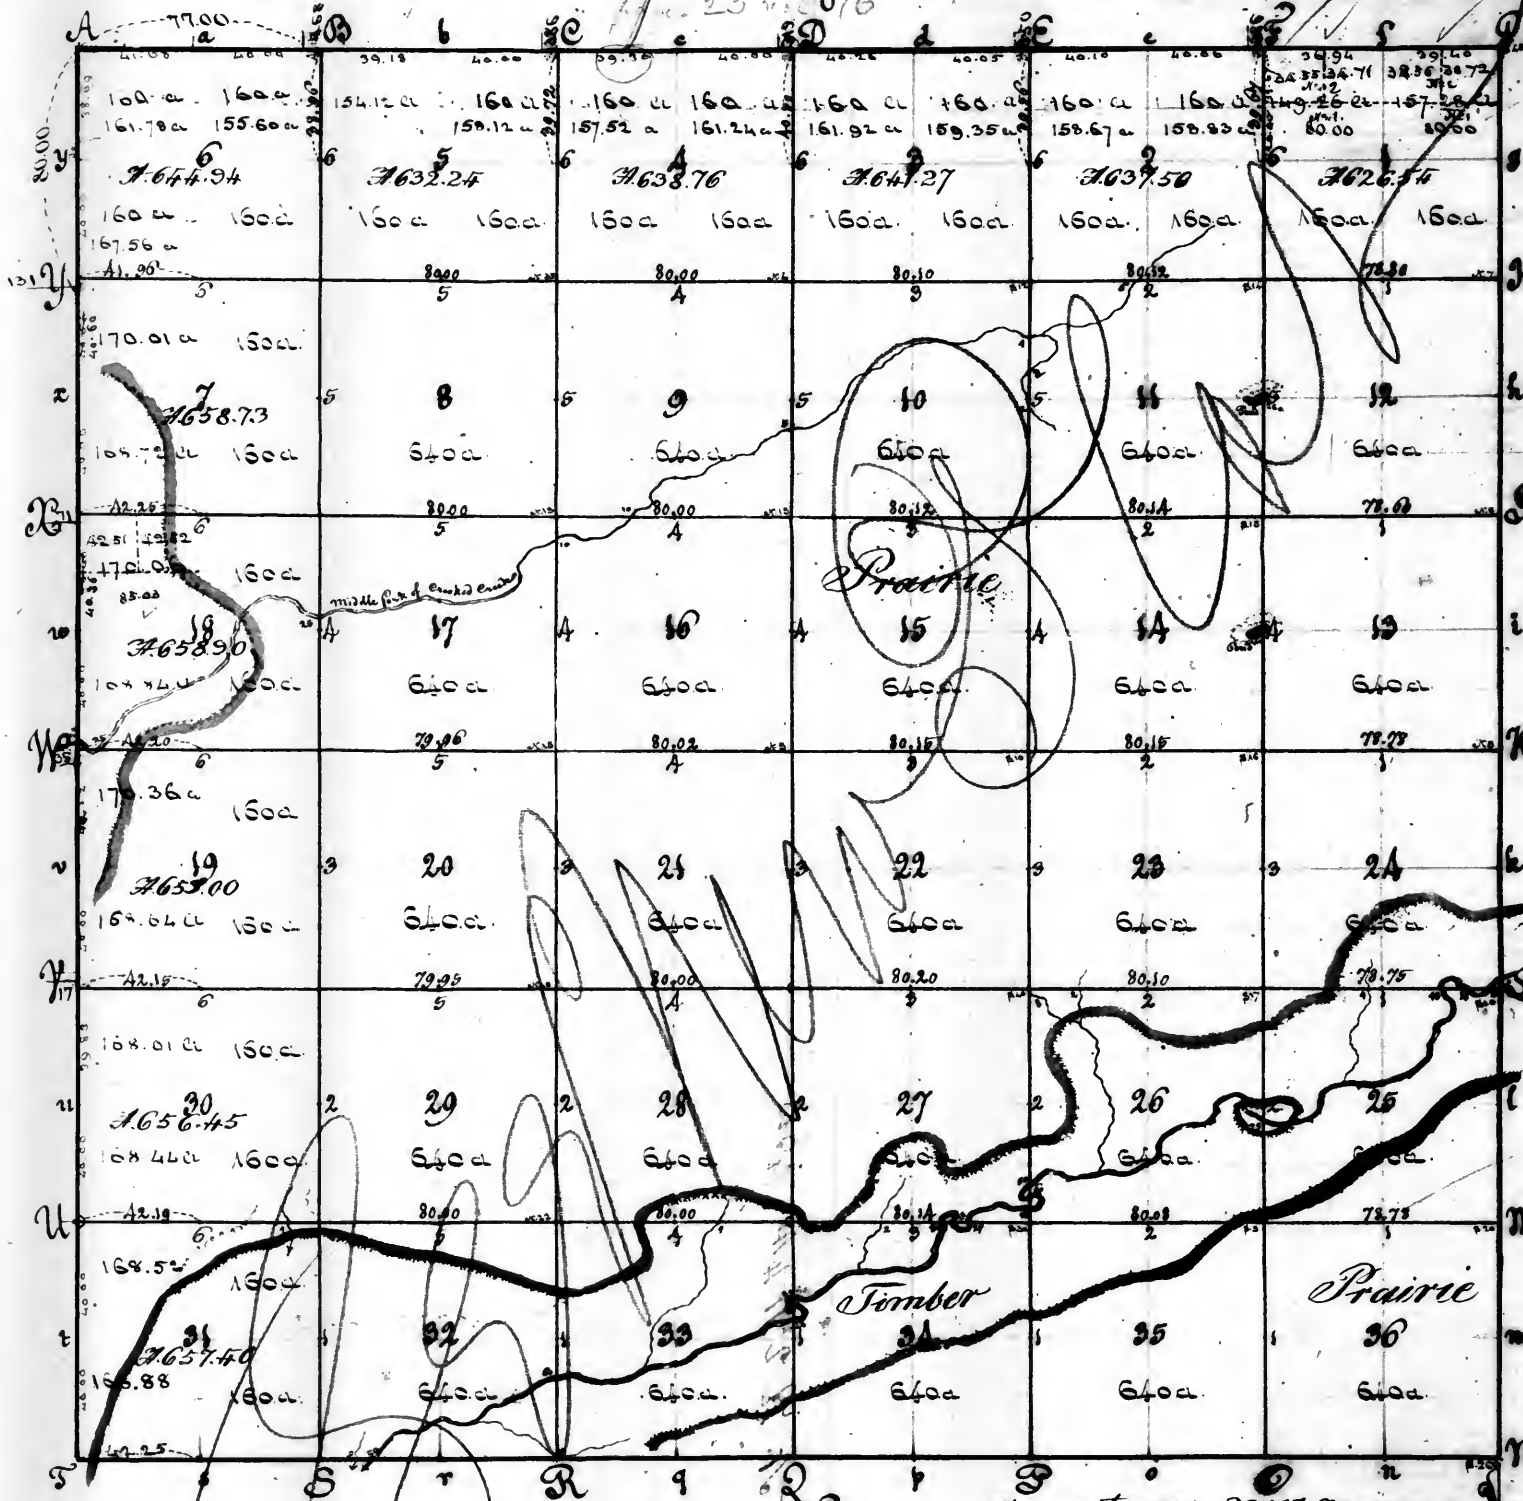

The quantities set down on
this plat with respect to the
11th quarter of section 6 - and
the 11th quarter of section 7
are the true areas thereof - and
the quantities set down in the
said quarter sections with black
ink are what was considered
their contents at the General Land
Office in issuing the military
patents.

Surveyor's Office
St. Louis, Mo. June 1886
Subdivided under
the Act of 1832 viz:
the 11th quarter of section 6
and so as to conform to previous
sales as reported by the Regt. on
the 15th Aug. 1843, viz:
the 11th quarter of section 6
and so as to conform to the
plat on the 15th Aug. 1843, viz:
the 11th quarter of section 6
and so as to conform to the
plat on the 15th Aug. 1843, viz:
the 11th quarter of section 6

Aggregate area - 23136.13 ac

Pursuant to a contract with and instructions from Division Office Surveyor General of the United States, bearing date 22nd day of Dec. 1885, I have examined said plat and surveyed the same described Township and the lines by which it had been surveyed and located both natural and artificial, as are represented on said plat and described in the field notes made thereon and returned with the plat into the office of the Surveyor of the Land. Certified the 5th day of July, 1886
of the United States in the Territory of Illinois and Missouri
John C. Smith, Deputy Surveyor
By Joseph M. Brown

Note - The quantities set down on this plat with red ink in the NE & NW quarters of sections 2, 3, 4 - the NE quarter of section 5 the NE NW & SW quarters of section 6, are the true areas thereof, and the quantities set down in the said quarter sections in black ink are what was considered their contents at the General Land Office, in issuing the Military patent.

Surveyor's Office
San Francisco 21st Feb^r 1874
Subdivided under the Act of 1832, viz:
the Act of sec. 1
also so as to conform to previous sale as reported by the Reg^r on the 15th of Aug. 1843, viz:
the NW quarter of sec. 18
and sub. to day copies of the plat are to the Reg^r and another to the Com^r.

Aggregate area - 23117.73 acres

Note: The south boundary of this township according to the first field notes of the survey thereof was 1/4 miles or 125 chains and the exact measurement West of the quarter section corner on the south boundary of section 31, but it appears from the field notes of the subdivision that an error was found in the measurement of the south boundary of section 32; and that in consequence thereof the line was remeasured (and a new quarter section corner was established on the south boundary of said section 32, 480 links West of the first corner; a new corner to sections 31 & 32, 510 links West of the former corner; and a new quarter section corner on the south boundary of section 31, 475 links West of the first quarter section corner; but the notes give no evidence of a further remeasurement to determine the actual length of the line West of said reestablished quarter section corner on the south boundary of section 31; the only data furnished by the said notes therefore for determining the length of said line on the south boundary of section 31 West of the quarter section corner is to deduct from its former length (5200 chains) the distance which the quarter section corner was reestablished West of the first corner viz 475 links which leaves 4725 chains (and which under ordinary circumstances would be taken as its true length; but this is so contradictory to the subdivision lines both to the North & South thereof as to leave but little doubt of an other error of about one out (that is five chains) which if true would be against the purchaser therefore to obviate the injustice that would be done to the purchaser of the NW & W quarter of section 31 if this was taken as the true length of the line, the areas are calculated as if the south boundary of section 31 was 5225 chains.

Township 6 North of the base line Range 2 West of the 4th principal Meridian

Office of the Surveyor General for Illinois and Missouri
St. Louis January 26th 1863

Scale of 40 chains to an inch
Aggregate area 22941.34 acres.

The above plat of township 6 North of the base line, Range 2 West of the 4th principal Meridian, is strictly conformable to the field notes of the survey thereof on file in this Office, which have been examined and approved. The cut boundary lines were surveyed in April 1816 by Levi Lippitt; the subdivisions in December 1816 by Reddick Dimmick under contract of 24th October 1816.

3

Surveyor's Office
St. Louis, 15 January 1847.
Subdivided the N.E. q. of Sec. 6, so as to conform to a previous sale (marked S) sent a copy to the Register and another copy to the Comptroller of the Genl. Land Office.

The notes used in the construction of this plat are contained in the field books numbered as follows:
of the S. 34 in book of 240
S. 34 in book of 247
W. 34 in book of 250
Subdivision in book of 1155
The Random line along the East Side of this Twp. was run East 6 miles S. 25°, and corrected West; and the field notes of the corrected line along the S. Side of Sec. 31 represent the 1/4 Sec. Cor. thereon, as properly placed at 40.65 West of the Cor. to Sec. 31 & 32; but, they erroneously call for intersecting the Twp. Cor. at 45.25, instead of 35.25. The line is laid down on this plat — 35.25 — agreeable to the measurement of the Random; and on the hypothesis that the before-mentioned distance of 45.25 — was counted West of the Section Corner. — The areas of the West half of Sec. 31, are calculated and set down accordingly, with this notice of the facts, for the information of all whom it may concern.
The corner to sections 18 & 19, on the East Side of the Twp. is by mistake called "Cor. to Sec. 18 & 19" in the field notes.
The variation at which the surveys of this Twp. were executed is not mentioned in the field notes.

Township N. 15 North of the Base line, Range N. 2 West of the 4th principal Meridian

Field notes of this Township

Surveyor's Office St. Louis
3^d February 1842
The above plat of Township N. 15 North of the Base line, Range N. 2 West of the 4th principal Meridian, on file in this office, is a description of the corner, Base, Section 17, a copy of which, taken from Vol. 3. of Descriptions of Illinois surveys numbered 571 (and a duplicate of the plat of the Township) was sent to the Genl. Land Office, dated 25th February 1842.
Jos. C. Brown
Surveyor of the public lands for the district of Illinois & Missouri.

Surveyor's Office
St. Louis 25th June 1842
The North halves of Sects 1, 2, 3, 4, 5, 6, and the West halves of Sects 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, and a copy of the plat of the Township, (see Register's letter of 22nd June 1842) and an other copy to the Commissioner of the General Land Office, the 25th June 1842.

Surveyor's Office. Saint Louis 25th of February 1842.

The above plat of Township N. 15 north of the base line range 2 west of the 4th principal meridian is strictly conformable to the field notes of the Survey thereof on file in this office which have been examined and approved, except of the section corner lines of which no field notes are found. The east boundary, the north boundary and the west boundary were surveyed in January 1842 by Mathew Duncan and the South boundary was surveyed in September 1846, by Amos Wheeler.

Jos. C. Brown
Surveyor of the public lands for the district of Illinois & Missouri.

Township No. 11 North of the base line, Range No. 2 West of the 4th principal Meridian.

Of left bank of Mississippi river in section 18	18	1 55 1.2
William Miller	21	77 3.6

The plat of fractional township 17 north of the base line, in range 2 west of the 4th principal meridian, has been completed this day by laying down section 17, which is conformable to the field notes of the survey of said township on file in this office which have been examined and approved. The line between sections 17 & 18, Charles R. Bennett, under instructions of the 8th of December 1835, surveyed and resurveyed the lines and meanders designated in the margin (31 miles 77.36 chains) which were paid for on the 4th quarter of 1838 and charged in the account of the Surveyor General for surveying the public land. Under this 4th quarter of 1838, and with the charge in the account of the Surveyor General, during the 3rd quarter, when the general appropriation for surveying the public land was made.

Surveyor General's Office.
Saint Louis, 8th of August 1839.

The above plat of fractional township 17 north range 2 west of the 4th principal meridian, except fractional section 17 (which is omitted because of error in the survey of the meanders thereof) is strictly conformable to the field notes of the survey of said township on file in this office which have been examined and approved. The colour boundary lines - the subdivisional lines, except on the island of Rock river - and the meanders of the main shores of Rock river and the Mississippi except along fractional sections 17, 18 and 19, were surveyed in 1831 by John Flacks and Jonathan C. Bean, under the joint contract of Stephen Rector and Thomas C. Rector of the 20th of March 1831. In the 1st and 2nd quarters of 1836 Charles R. Bennett under instructions of the 8th of December 1835, surveyed and resurveyed the lines and meanders designated in the margin (31 miles 77.36 chains) which were paid for on the 4th quarter of 1838 and charged in the account of the Surveyor General for this quarter Voucher No. 4.

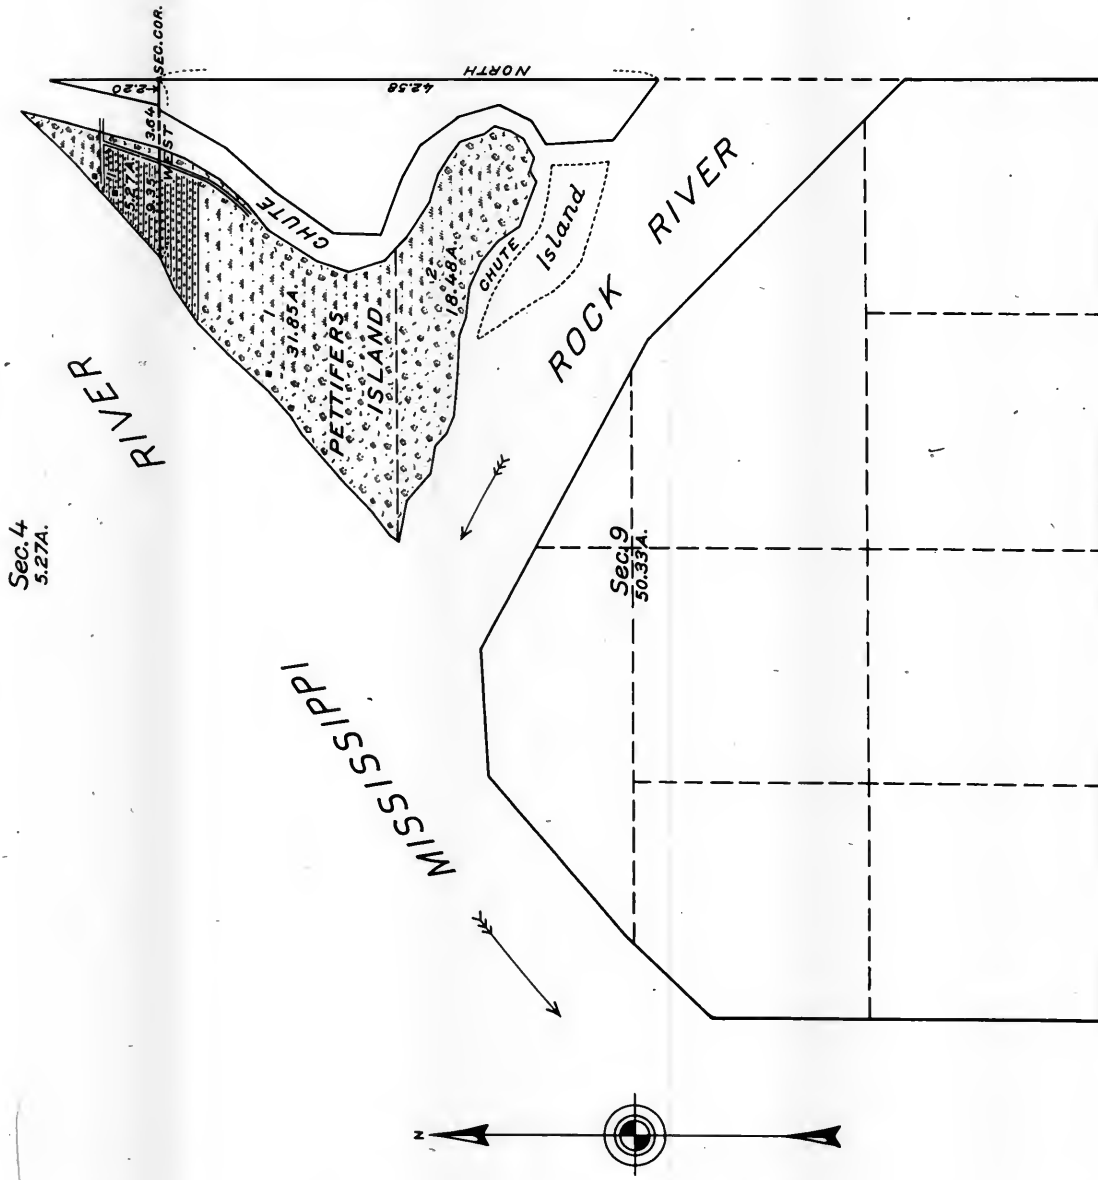

William Miller
Surveyor General

TOWNSHIP NO.17 NORTH, RANGE NO.2 WEST, 4TH PRINCIPAL MERIDIAN, ILLINOIS.

PLAT OF PETTIFERS ISLAND IN SECTIONS 4 AND 9.

MEMORANDUM.

THIS PLAT REPRESENTS THE SURVEY OF PETTIFERS ISLAND IN THE MISSISSIPPI RIVER, WHICH WAS NOT SHOWN UPON THE TOWNSHIP PLAT APPROVED AUGUST 8, 1839. THE SURVEY WAS EXECUTED PURSUANT TO AUTHORITY CONTAINED IN GENERAL LAND OFFICE LETTER G.L.O.01022 "E", DATED NOVEMBER 9, 1926, WHICH BEARS DEPARTMENTAL APPROVAL UNDER DATE OF NOVEMBER 11, 1926.

LEGEND.

SCALE: 1 INCH = 10 CHAINS.

SURVEYED BY GUY R. VEAL, U. S. CADASTRAL ENGINEER, FROM OCT. 26 TO 29, 1927, ASSISTED BY WILLIS W. BANDY, U. S. SURVEYOR, UNDER SPECIAL INSTRUCTIONS FOR GROUP NO. 2, ILLINOIS, DATED AUGUST 24, 1927, ISSUED BY THE TECHNICAL ASSISTANT TO THE SUPERVISOR OF SURVEYS, WHICH WERE APPROVED BY THE COMMISSIONER OF THE GENERAL LAND OFFICE ON AUGUST 31, 1927.

AREA OF LANDS SURVEYED = 55.60 ACRES.

OFFICE OF U. S. SUPERVISOR OF SURVEYS.
DENVER, COLORADO, MAY 9, 1929.

THE ABOVE PLAT OF PETTIFERS ISLAND IN SECTIONS 4 AND 9, TOWNSHIP NO. 17 NORTH, RANGE NO. 2 WEST, 4TH PRINCIPAL MERIDIAN, IN THE STATE OF ILLINOIS, IS STRICTLY CONFORMABLE TO THE FIELD NOTES OF THE SURVEY THEREOF, WHICH HAVE BEEN EXAMINED AND APPROVED.

Amelia Johnson
U. S. SUPERVISOR OF SURVEYS.

DEPARTMENT OF THE INTERIOR.
GENERAL LAND OFFICE.

WASHINGTON, D. C., JULY 25, 1929.

THE SURVEY REPRESENTED BY THIS PLAT, HAVING BEEN CORRECTLY EXECUTED IN ACCORDANCE WITH THE REQUIREMENTS OF LAW AND THE REGULATIONS OF THIS OFFICE, IS HEREBY ACCEPTED.

Woodward
ASSISTANT COMMISSIONER.

DEPARTMENT OF THE INTERIOR

M.L. 154765

GENERAL LAND OFFICE,

WASHINGTON, D. C.,

December 26, 1904.

ADDRESS ONLY THE
COMMISSIONER OF THE GENERAL LAND OFFICE.

Subject: Supplemental plat.

The Auditor of State,

Springfield, Illinois.

Sir:

I transmit herewith, for filing with the U. S. surveying archives in your custody, a supplemental plat of section 19, T. 17 N., R. 2 W., 4th P.M., Illinois, prepared under the provisions of section 2219, U. S. Revised Statutes, showing the numbering of the lots in the southwest quarter of said section in accordance with the descriptions by which the lands in said southwest quarter were disposed of by the Government.

Please acknowledge receipt.

Very respectfully,

W. A. Richardson
Commissioner.

L.J.

Page 5 vol 16

It is now stated in the field notes at what distance the section corners on the true G.W. line are placed from the section corner to which the respective randoms were run between sections 23 1/2, 24 1/2, 25 1/2, 26 1/2, 27 1/2, 28 1/2, 29 1/2, 30 1/2, 31 1/2, 32 1/2, 33 1/2, 34 1/2, 35 1/2, 36 1/2, 37 1/2.

Pursuant to a contract with and instructions from William Benton Gurney of the lands of the United States in the States of Illinois & Missouri & Territory of Arkansas bearing date the day of 184

I have accompanied Cadmus and George the above Township & as early as possible the
such marks as, houses, both natural and artificial as are represented on said plat and as soon
as possible made thereof and returned the plat into the Office of the Surveyor of the
United States in the State of Illinois & Territory of Arkansas.

Accepted
Examined

Tras. Township No 18 North of the Base line Range No 2 West 11th Principal Meridian
page 36 vol 16

Notes.
The distance is not given in the field notes from
the corner at Land 6 to either of the adjacent mile
corners on the Indian boundary.

10.5.3

Surveyors Office. Saint Louis 1st of August 1842.

The above plat of fractional township 17 north of the base line, range 3 west of the 4th principal meridian, is strictly conformable to the field notes of the survey thereof on file in this office which have been examined and approved. The east boundary, the south boundary, the west boundary South of the river, and the subdivision line South of the river, were surveyed by A. Black and J. L. Bean, under the contract of Stephen and Thomas Rector of the 20th March 1821. The lines between sections 25 & 24, 22 and 23, 22 and 27 and 27 and 28 South of river 1 mile 40.88 chains, were surveyed in February and March 1836, by Chas. A. Brown, under contract of the 8th of December 1835. He also measured the left bank of the river, along sections 24, 23, 22, 27, 28 & 30 - 6 miles 13.43 chains - This surveying was paid for, in the 4th quarter of 1838, and charged in the account current of the Surveyor General, during that quarter, under No. 4 - the west boundary from the point a to b - 1 mile 17.50 chains - the lines of sections 19, 21, 28, 29 & 30 on the island - the lines across the Southern channel of the river between sections 21 & 22, 28 & 29, and 29 & 30 - 2 miles 56.25 chains - and the meanders on both shores of the island 6 miles 77.36 chains, were surveyed in the 1st quarter of 1841, by John Fricson, under instructions of the 21st of January 1840 - This surveying by Fricson was paid for in the 1st quarter of 1842 - and charged in the account current of the Surveyor General during that quarter, under the appropriation of 3000 dollars, made on the 3rd of March 1841, for surveying 500 miles of detached and unfinished lines in Illinois and Missouri, principally in the military district, Illinois, not exceeding six dollars a mile (See p. 20 of act of the 2^d session of the 26th Congress) under No. 1.

Silas Reeds

Surveyor of the public lands in
the States of Illinois and Missouri.

Note. The surveying by Mr. Fricson in this township, was originally contracted for at three dollars per mile, under the surveying general appropriation; but it was paid at the rate of \$4.50 per mile, out of the appropriation mentioned in the above certificate, under the authority of a letter of the Commissioner of the General Land Office of the 12th January 1842.

Silas Reeds
Surveyor General.

Surveyors Office.

Saint Louis 27th of May 1839.

The above plat of fractional Township 17 north of the base line, range 3 west of the 4th principal meridian is strictly conformable to the field notes of the survey thereof on file in this Office, which have been examined and approved. The section and subdivision lines were surveyed in the year 1836 by J. B. Brown and John F. Hicks under the contract of Stephen Rector and Thomas C. Rector of the 20th of March 1831. On the 1st quarter of 1836, Charles B. Brown under instructions of the 8th of December 1835, resurveyed the lines between sections 22 & 24 - 22 & 23 and 22 & 27 - also 27 and 28 north of the quarter section corner 1 mile 40.89 chains - and measured the Mississippi along the northern boundary of the fractional Township 6 miles 13.43 chains - This resurvey of the section lines and the measuring of the Mississippi were paid for in the 4th quarter of 1839, and charged in the account of the Surveyor General for that quarter, Voucher No. 4.

William Milburn
Surveyor General

VOL. 21

This is a detailed topographic map of a region in the Pacific Northwest, showing a grid of elevation points and contour lines. The map includes labels for "Tumber" and "Prairie" areas. Numerous handwritten numbers are scattered across the map, including "160", "640", "810", and "815". A large, irregularly shaped area is outlined in the center, possibly indicating a specific land parcel or feature. The map is oriented with North at the top.

Substant it recd. rec. m. l. and instructions from William Redd Surveyor of the lands of the United States in the
Territory of Illinois and Mississippi having date the 11th day of September 1816 I have admeasured laid out and
surveyed the above described Township and do hereby certify that it had such marks and boundary lines Natural
and artificial as are represented on said plat and described in the field notes made therein and returned with the
plat into the office of the Surveyor of the lands of the United States for the Territory of Illinois and Mississippi
Certified the 1st day of July 1817

Surveyor's Office, Saint-Louis 28th of January 1841

The above plat of township 4 north of the base line range 5 west of the 4th principal meridian is strictly conformable to the field notes of the survey thereof on file in this office which have been examined and approved. The west boundary was surveyed in February 1817, under the contract of John G. Smith, of the 26th of September 1816. The east boundary was surveyed in May 1817, by W. W. Brink. The south boundary and the north boundary were surveyed in May 1817, and the subdivisional lines were surveyed by S. S. Whitwider in the 2^d quarter of 1817, all under the contract of S. M. Moore and S. M. Moore of the 1st of September 1816.

Surveyors Office
Saint Louis 27th May 1829

The above plat of fractional Township N. 17 North of the base line, range 5 West of the 1st principal meridian is strictly conformable to the field notes of the Survey heretofore filed in this office, which have been examined and approved - The exterior and subdivision lines were surveyed in 1821, by J. L. Bean and Abner T. Lockett, under the contract of Stephen Reister and Thomas C. Reister of the 20th of March 1821 - In the 4th quarter of 1836, Charles B. Bennett, under instructions of the 8th of December 1835, measured the Mississippi along the Northern boundary of the fractional township and not finding the line between sections 34 and 35, he established a corner for these sections by assuming the position of the line between them at the average departure between the section lines above and below and in the 4th quarter of 1838, he was paid for the meanders of the river along fractional sections 36-33, 32 and 31 - 4 miles 2.24 chains, which was charged in the account of the Surveyor General for that quarter Voucher No. 16.

 Anthony M. Donnell to
 John M. Donnell
 Dear Sir
 I have the honor to acknowledge the receipt of your letter of the 18th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.
 I am, Sir, very respectfully,
 Yours, Anthony M. Donnell

Township is colored recognized by
John Williams in 1841.

This is a contract with & instruction with William Reeder Esq. Surveyor of the lands of the United States in the
 Kansas & Missouri territories bearing date the 11th day of May 1854, and I have examined, laid out & surveyed the above
 fractional townships and do hereby certify that it has such marks and bounces both natural & artificial as
 are represented on said plat, and described in the field notes made thereof and returned and returned with
 with this plat into the office of the Surveyor of the lands of the United States for the territories of
 Kansas and Missouri
 Surveyed by John H. Smith

Office of the Surveyor General for Illinois and Missouri.
Saint Louis, 24 July 1849.

This plat of Townships 16 and 17 north of the base line, range 6 west of the 4th principal Meridian, is his day
annulled for the reasons stated in the certificate to the new plat of said township, which was then substituted for this one.

Surveyors Office, Saint Louis 1st of August 1842.
This plat of fractional townships 16 and 17, and of a part of section 3 (on an island) of fractional township 15, north of the base line, range 6 west of the 4th principal meridian, is strictly conformable to the field notes of the survey thereof, on file in this office which have been examined and approved - the South boundary (east of the river) and the east boundary of township 16 - the east and the South boundary of township 17 - were surveyed under the contract of Stephen and Thomas Rector of the 20th of March 1821 - The subdivision lines of T. 16 (East of the river, were surveyed under the same contract - under instructions of the 21st of February 1820 John Fricson, in the 1st quarter of 1821, surveyed and resurveyed in these fractional townships, the lines detailed in the above statement, 22 miles 76.95 chains, which were paid for in the 1st quarter of 1822, and charged in the account current of the Surveyor General, during that quarter, under the appropriation of 5000 dollars, made on the 3rd of March 1821, for surveying 5000 miles of detached and unpaired lines in Illinois and Missouri, principally in the military district Illinois, not exceeding six dollars a mile (See page 29 of acts of the 2nd session of the 26th Congress) Voucher N^o 1.

Silas Reeds
Surveyor of the public lands in
the States of Illinois & Missouri.

Note: The surveying by Mr Fricson in these fractional townships, was originally contracted for at three dollars per mile, under the general surveying appropriation; but it was paid at the rate of \$4.50 per mile out of the appropriation above mentioned, under the authority of a letter of the Commissioner of the General Land Office of the 12th January 1842.

Silas Reeds
Surveyor Genl.

Surveyor's Office St. Louis, Mo. 17th of April 1860. Frac. Secs 2, 11, 17 & 20 were laid down on this plat in strict conformity with the notes of the survey thereof, which have been examined and approved. The said section except the lines between sections 2 & 11 and between sections 17 & 20 were originally surveyed by Joseph Borrough in the 2nd quarter of 1817, under contract of the 22nd day of November 1816. In the 1st quarter of 1840 John Wilson Williams under instructions of the 19th February 1840, issued under the authority of the letter of the Comptroller of the General Land Office, surveyed said lines between sections 2 & 11 and between sections 17 & 20, remeasured the same along said frac. Secs 2, 11, 17 & 20, and remeasured the East boundaries of Secs 2, 17 & 20, and renewed the corner thereon. The whole of said operation of J. W. Williams, amounting to 6 mi. and 60 links, were paid for in the 2nd quarter of 1840, and will be charged to the account current of the Survey General for that quarter.

William Williams Surveyor of the public lands in Missouri and Arkansas

Surveyor's Office St. Louis 11th Sept. 1862. Plat of the frac. Secs 2, 11, 17 & 20, and of the North half of Sec. 20, and this day to the Comptroller of the Genl. L. O.

Pursuant to a contract with & instructions from William Reeler Surveyor of the lands of the United States in the Territory of Missouri, bearing date the day of 1816, I have measured here and surveyed the above described Sectional Township of 36 sections, and have set up and marked the corners both natural & artificial as are represented on said plat & as are shown on the field notes made thereof. In testimony whereof I have hereunto set my hand and the seal of the Surveyor of the lands of the United States for the Territory of Missouri this day of 1817.

Surveyor's Office, Saint Louis, 5th of March, 1844.

The above plat of island N^o 8, and of a part of island N^o 7, in sections 2 & 3, and of a part of island N^o 3, in sections 1 & 2, Township 4 north of the base line, range 3 west of the 4th principal meridian, is strictly conformable to the field notes of the survey thereof on file in this office which have been examined and approved. It was executed in the 2^d quarter of 1842, by John Wilson Williams, under instructions of the 4th of March of the same year. The line run by John Williams are detailed in the Statement above—miles 30.93 chains, which were paid for in the 1st quarter of 1844, and charged in the account current of the Surveyor General during the same quarter, under the appropriation of \$2000 of the 3^d of March 1841 (p. 29 acts 2^d session 26th Congress) and the appropriation of \$2000 of the 3^d of March 1843 (p. 95 acts 3^d session 27th Congress) for surveying on finished and detached lines in Illinois & Missouri, at a rate not exceeding six dollars a mile.

Pursuant to a contract with and instructions from William Keeler Surveyor of the lands of the United States in the Territories of Illinois and Missouri bearing date the day of October 1816 I do hereby certify that I had such marks and bounds both natural and artificial as are represented on said plat and described in the field notes made thereof and returned with this plat into the Office of the Surveyor of the lands of the United States in the Territories of Illinois and Missouri.

This plat considered

The 4th Principal Meridian was commenced on the point at the confluence of the Mississippi and Illinois rivers on a Willow tree 41 inches diam. 22 links South of the Bank of the river, being a corner to fractional Townships 12 & 13 Range 1 West. And with a variation of 2.10 East, it at 39.00 chains intersected the North side of the river which comes from the West at the mouth and at 71 miles 6600 ch intersected Ill. 72 miles the notes call for the "End of the Meridian in said river inaccessible". The notes are in a field book No 273 signed J. S. Spaulding Engr. J. M. Moore deputy surveyors and dated from the 1st to the 12th of November 1845. The notes of the survey of the baseline call for commencing 72 miles north of the commencement of the principal meridian in the Illinois river at 12.52 ch from the bank of the river to the corner of the Illinois where a corner was established by the survey of 1836. The field notes of the survey of the baseline are dated 1845. In March 1846 the North boundary of this Township was 7200 chains, where the note reads "at a post for 7200 ch in edge of a large lake, Ill. river inaccessible". The West boundary of the Township was surveyed 7200 chains a corner established there (apparently in a lake and overflowed water which the notes state crossed the river). The Township was subdivided and meandered in 1847 by Sebastian Dinick D.S. The meanders being 15.00 ch of corner S. 57° and call for running down line 4.50 ch to 12.52 ch to the Range line 6600 ch of cor. S. to November 1847. Some meandered by Deputy J. S. Spaulding West boundary of the Twp, North from the corner in the edge of the lake at 2.10 ch to its intersection line 41 links west of the corner on the Illinois river. North boundary (from a point supposed to be in edge of lake), East 42.00 ch to the Illinois river. The subdivision lines between sections 20 & 21, 22 & 23, 24 & 25, 26 & 27, 28 & 29, 30 & 31, 32 & 33, 34 & 35, 36 & 37, 38 & 39, 40 & 41, 42 & 43, 44 & 45, 46 & 47, 48 & 49, 50 & 51, 52 & 53, 54 & 55, 56 & 57, 58 & 59, 60 & 61, 62 & 63, 64 & 65, 66 & 67, 68 & 69, 70 & 71, 72 & 73, 74 & 75, 76 & 77, 78 & 79, 80 & 81, 82 & 83, 84 & 85, 86 & 87, 88 & 89, 90 & 91, 92 & 93, 94 & 95, 96 & 97, 98 & 99, 100 & 101, 102 & 103, 104 & 105, 106 & 107, 108 & 109, 110 & 111, 112 & 113, 114 & 115, 116 & 117, 118 & 119, 120 & 121, 122 & 123, 124 & 125, 126 & 127, 128 & 129, 130 & 131, 132 & 133, 134 & 135, 31st of January 1844. Sent a plat of sections 23, 24,
25, 26, 27, 33, 34, 35 to the Commissioner and to the
Register.

The notes, used in the construction of this Plate, are contained in the field books, numbered as follows viz—
of the S.W. 1/4 Sec 33 in book 4726

The said field notes, do not state whether the course and distance, the bearing, trees, given at the section of the line between sections 14th, 12th and 13th, with the Range line, were taken from the Old corner on said Range line, or from the point of intersection of the section line therewith. — But as the said line runs East and quarter section corner marked at 50-00-00, and were not corrected; this plat is therefore containing areas of the legal subdivisions of the affected thereby, are estimated; and one of the said corners having been intersections of said lines with the

On the 22nd March 1816, the south boundary of this Twp. surveyed East 2 miles 73.50 chs. where the notes state "Set a fractional Town 152 cr. R. 16 on edge of a large lake, Illinois, inaccessible & lake extends to the river." It appears from the notes of the subdivision of the Township, that the fractional sections were not run to the river, but to a lake, or overflow land, along which the meanders were apparently taken, and closed on the "boundary of Twp. 75.51 East of corner of Sec 32, 33 Twp. 2 R. 16. In 1817, John Shepinger extended said south boundary of Twp. 2 R. 16, East (from point supposed to be said corner in edge of lake) 4200 chains to the Illinois River; it is therefore probable that between this fractional Twp. as surveyed and said river, there is a strip of unsurveyed land, in consequence whereof the original fractional sections enumerated in the heading of this plat are omitted; the meanders were taken along fractional sections 23 & 26, who were very erroneous that the areas of section 26 and of the S. E. 1/4 quarter of section 23 would have been omitted for the above, independent of what is before stated.

Variation on Mr. Spaulding's surveying: 7° 20' East.

Surveyors Office
St. Louis 16 March 1831

The above plate, of Sept. 2, 1881, of the 4th P. Allen (except the part, quarter of two sections made from the Illinois River, and the 1st W. gr. p. 33) is conformable to the notes of the survey of the same place, in the file books, numbers 265, + 1166; on file in this office.

Surreyon Office. Saint Louis, N^o of January, 1844.

The above plat was this day completed, strictly conformable to the first order on file in this office, which have been examined and approved, of right of this plat, amounting to 10 miles 48.63 chains; and for the payment thereof, see Voucher N^o 10 of account current during the 3^d quarter of 1843, and for the General appropriation - and accounts accruing Six Dollars a mile. See p. 29 of acts 2^d session 26th Congress.

Silas Reed
Surveyor of the Land

Surveyor's Office
 St. Louis 21st April 1835

On the 20th day of April 1835 a copy of this plat was sent to the Register of the Land Office at Quincy - & being in accordance with the field notes of the original survey of the township. - On the 23rd of May 1835 the Surveyor General instructed Simon Gilbert (a deputy) to correct the survey on the left side of Spoon river of fractional sections 33, 34 and 35. - On return of Mr. Gilbert under this instruction, exhibited such a discrepancy when compared with the original field notes of the meanders of the right bank of the river through section 33, that the Surveyor General on the 26th of July 1835 required further operations for the purpose of ascertaining the true condition of the work, which resulted in showing the position of the river through said section 33 as represented on the annexed plat, - said fractional section 33 as plotted above is therefore hereby annulled.

William Milburn
 Surveyor of the public lands in the
 States of Illinois & Missouri

E. J. Langham

Plat of Sec^s 23, 24, 25, 26, 35 & 36 of Township 6 North, Range 1 East of 4th pr. M²₂

Surveyor's Office
St. Louis, the 16th of April 1840.

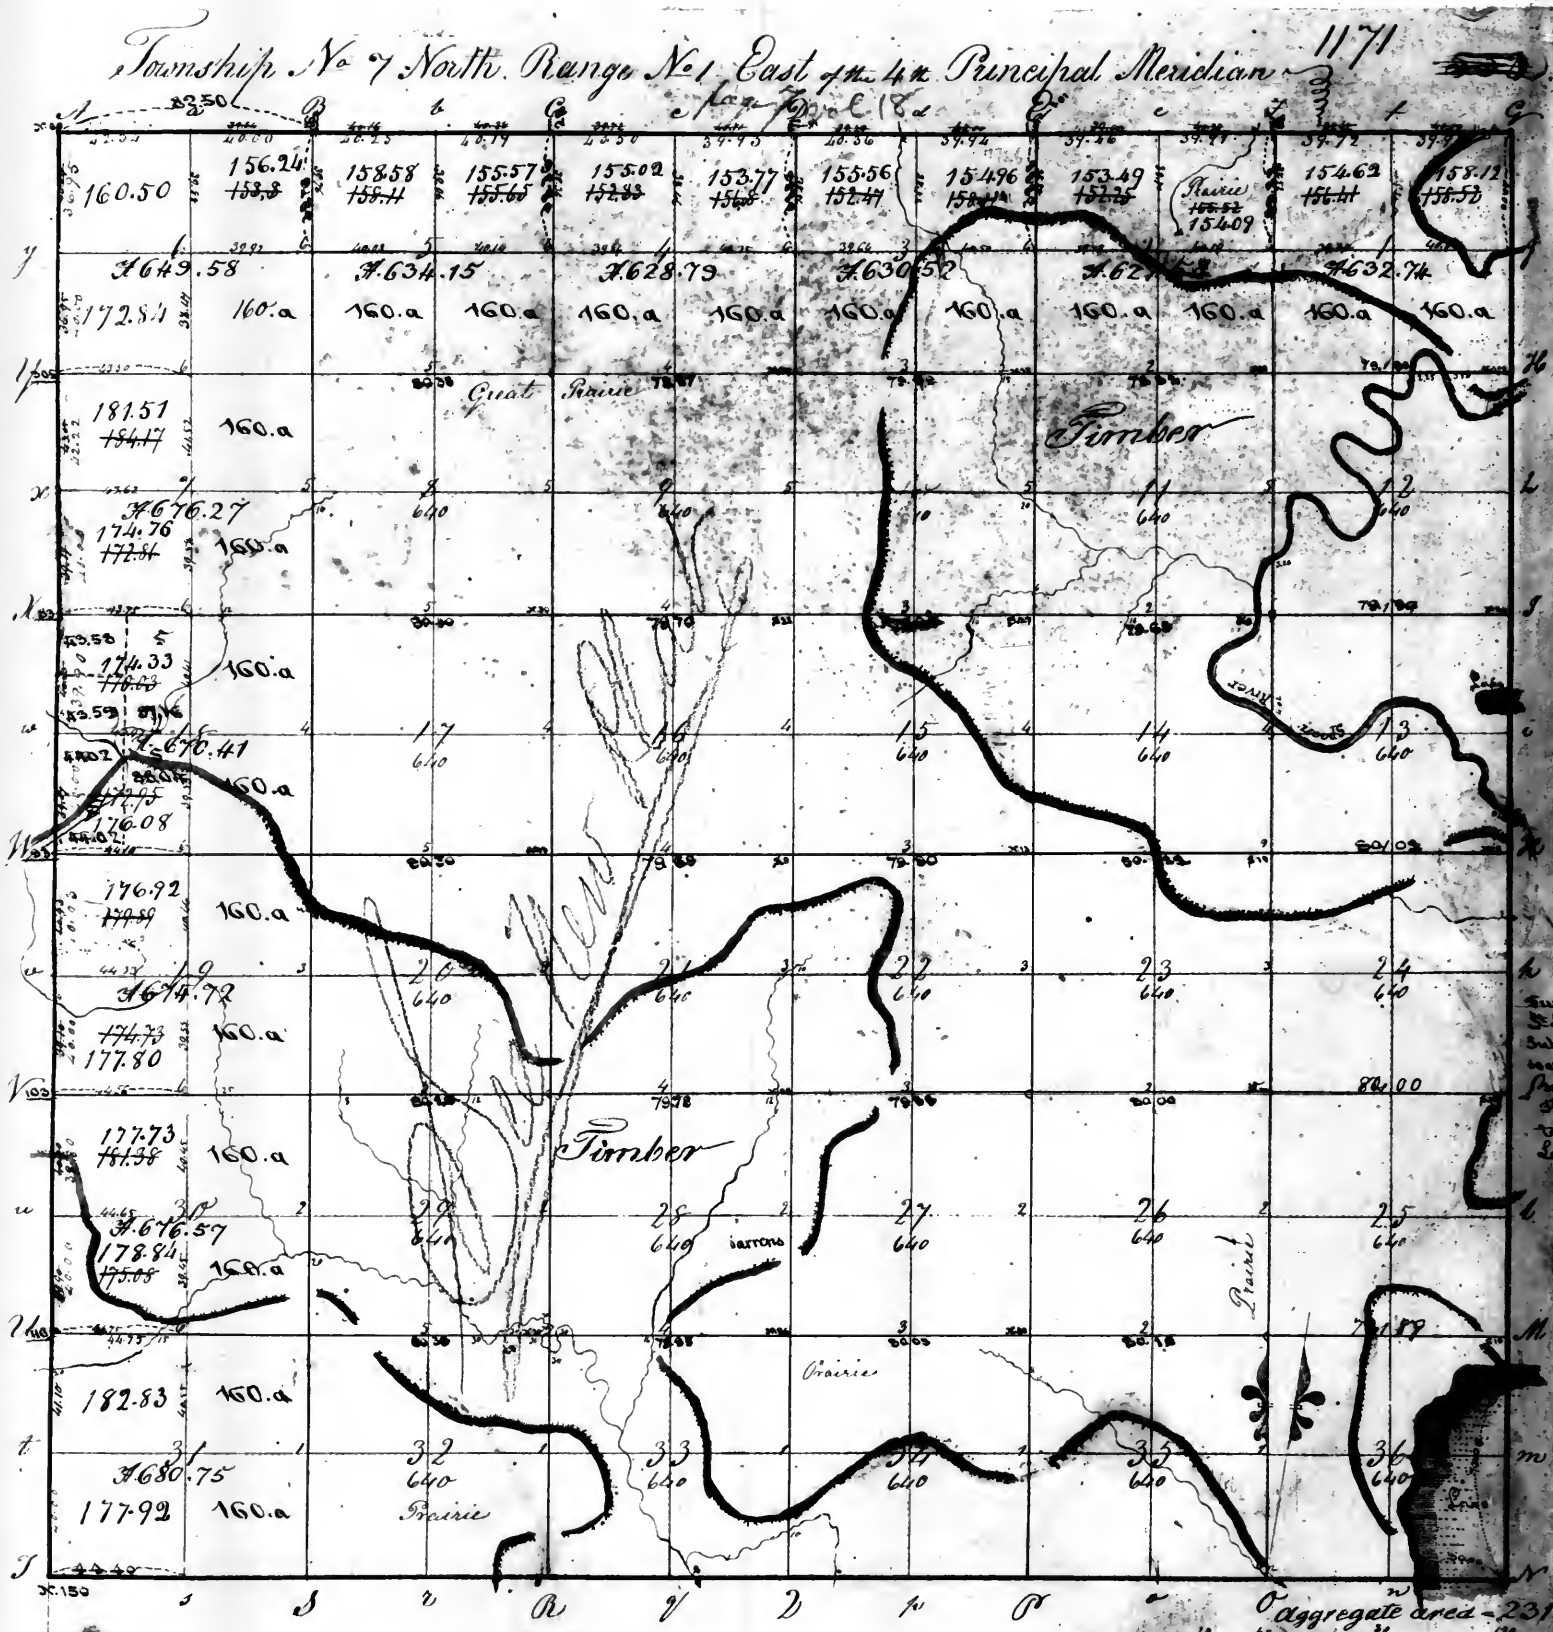

The above plat of sections 23, 24, 25, 26, 35 & 36, in Township 6 North, Range 1 East of the 4th principal Meridian is strictly conformable to the field notes of the survey thereof on file in this office, which have been examined and approved. The line between Sections 13 & 24 - 3 chains - the line between Sections 24 & 25 - 43.64 chains - the line between Sections 23 & 24 - 24.46 chains - the line between Sections 23 & 26 - 27.50 chains - all on the left bank of Spoon river - and the meanders of the left bank of Spoon river along fractional Section 24 - 1 mile and 34.17 chains - along fractional Section 25 - 1 mile and 4.55 chains - along fractional Section 24 - 24.50 chains - along fractional Section 23 - 1 mile and 59.50 chains - and the line between Sections 22 & 23 - 1 mile - and the line between Sections 23 & 26, West of Spoon river - 50.50 chains - and the meanders of the right bank of Spoon river along fractional Section 23 - 1 mile and 64.25 chains - were resurveyed in the 2^d and 3^d quarters of 1838, by Simeon Gilbert, under instructions from the Surveyor General, dated the 22^d of May and the 30th of July 1838, and were paid for in the 3^d quarter of 1838, and charged in the account of the Surveyor General for that quarter, Voucher No. 3. The distances on the East boundaries of Sections 24 & 25, the lines between Sections 14 & 23, and between Sections 23 & 24 North of Spoon river, are set down on this plat according to the remeasurement thereof by Simeon Gilbert in the 2^d and 3^d quarters of 1838. The said Sections were originally surveyed in the 2^d quarter of 1816 by William H. Bradsty under instructions of December 1815 and February 1816. — William H. Bradsty

down on this plat, it will be necessary to have an
of value from the Register

See plat opposite page 19

SURVEY NOTES OF MEANDER LINES ACROSS
SECTIONS 18 AND 19 IN TWP 2 NORTH, RANGE
2 EAST OF THE 4th P.M., SCHUYLER COUNTY,
ILLINOIS. IT APPEARS THAT THERE WERE TWO
U.S. SURVEYS OF THIS TOWNSHIP. IN THE 1st
SURVEY, THE MEANDER CUT ACROSS THE N.W.
 $\frac{1}{4}$ OF SECTION 19 AND THRU ON ACROSS THE S. $\frac{1}{2}$
OF SECTION 18. LATER ON, THE MEANDER LINE
CUT ACROSS SECTION 19 ONLY, THUS MAKING
SECTION 18 A FULL SECTION AND SECTION 19
TO CONTAIN SOME 200 ACRES. THE FIELD NOTES
OF THESE TWO MEANDER LINES IS WHAT WE
DESIRE, FOR THE REASON THAT THE "OLD MEANDER
LINE" SO-CALLED, IS A PROPERTY LINE NOW,
AND THERE HAS BEEN NO RESURVEY OF IT SINCE
ORIGINALLY RUN. WE WANT TO LOCATE IT.

RESPECTFULLY,
GOODSELL & MILLARD
CIVIL ENGINEERS
BEARDSTOWN, ILLINOIS

*What we desire, for the reason that
the Old Meander Line "so-called", is
a property line now, and there has been
no resurvey of it since originally
run. We want to locate it*

D. SURVEYOR.

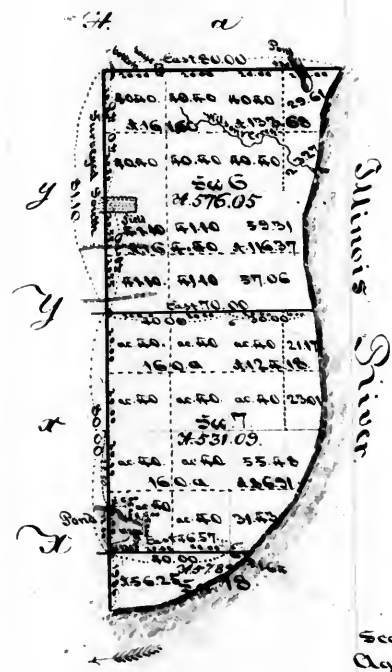

and to see that the same be done from William's survey of the lands of the United States. The survey of the lands of the United States was made by John C. Sullivan, assisted by James M. Duncan, in the 1st quarter of 1819, under the authority of a letter of appointment from William Rector, Surveyor of the lands of the United States in Illinois and Missouri, dated October 18. 1818, authorizing them to survey certain Indian boundaries, under the direction of Commissioners Graham and Phelps, appointed by the President of the United States to run out the lines of the tracts ceded by the treaty of Saint Louis of the 24th of August 1804: - This being the line agreed to be run from the Eastern extremity of Lake Michigan due west to the Mississippi (vide page 177 land laws edition of 1828) - The survey by Sullivan and Duncan is therefore abandoned as a boundary to the public survey, and the line of Bean and Black adopted in lieu thereof - The east, the south, and the west boundaries, the subdivision line and the meander of Rock river, were surveyed by Abner Black and J. L. Bean, under the before mentioned contract of Stephen Rector and Thomas C. Rector of the 20th of March 1821.

Surveyor's Office. Saint Louis 28th of January 1841.

The above plat of fractional township 18 north of the base line, range 2 east of the 4th principal meridian is strictly conformable to the field notes of the survey thereof on file in this office which have been examined and approved - The north boundary designated "Old Indian boundary line" was surveyed by Abner Black and Jonathan L. Bean, in the 3rd quarter of 1821, whilst executing the contract of Stephen Rector and Thomas C. Rector of the 20th of March 1821, which includes the survey of their fractional township, in consequence of not being able to close the public survey of the said Indian boundary as originally surveyed by John C. Sullivan, assisted by James M. Duncan, in the 1st quarter of 1819, under the authority of a letter of appointment from William Rector, Surveyor of the lands of the United States in Illinois and Missouri, dated October 18. 1818, authorizing them to survey certain Indian boundaries, under the direction of Commissioners Graham and Phelps, appointed by the President of the United States to run out the lines of the tracts ceded by the treaty of Saint Louis of the 24th of August 1804: - This being the line agreed to be run from the Eastern extremity of Lake Michigan due west to the Mississippi (vide page 177 land laws edition of 1828) - The survey by Sullivan and Duncan is therefore abandoned as a boundary to the public survey, and the line of Bean and Black adopted in lieu thereof - The east, the south, and the west boundaries, the subdivision line and the meander of Rock river, were surveyed by Abner Black and J. L. Bean, under the before mentioned contract of Stephen Rector and Thomas C. Rector of the 20th of March 1821.

Surveyors Office.
Saint Louis 6th of January 1841.

The above plat of fractional township 2 north of the base line, range 3 east of the 4th principal meridian is strictly conformable to the field notes of the survey thereof on file in this office, which have been examined and approved. The west boundary of section 6 was surveyed in November 1816, by Edward Linn Dimick, under the contract of William H. Drachley of the 24th of October of the same year. In the 2^d quarter of 1840, Simon Hilborn under instructions of the 11th of April of that year, resurveyed the said west boundary of section 6, (1 mile 1.10 chains) and surveyed the west boundary of section 18 & 17 (1 mile 12.86 chains) — He also surveyed the north boundary of the township (1 mile) — the subdivisional lines (1 mile 26.57 chains) — and the meanders of the right bank of the Missouri River (2 miles 62.63 chains) — in all 6 miles 40.16 chains, which were paid for in the 3^d quarter of 1840, and charged in the account current of the Surveyor General, during the said quarter, under the general appropriation for surveying the public land, Voucher No. 4.

Surveyor's Office.
Saint Louis, 6th of January 1841.

The above plat of fractional Township 3 North of the base line range 3 East of the 4th principal meridian, is made conformable to the field notes of the survey thereof on file in this office which have been examined & approved. The west boundary was surveyed in April 1817, by Jonathan Dimick under the Contract of 10th to 20th of the 24th of October 1816. On the 2nd quarter of 1840, Simon Gilbert under instructions of the 11th of April of that year, resurveyed and reestablished the proper corner thereon, the west boundaries of sections 28 & 31, 2 miles 10-32 chains, which were paid for in the 3rd quarter of 1840, and charged in the account current of the Surveyor General during that quarter, Voucher N° 4. The north boundary was surveyed in June 1817, by Isaac C. Robinson, under the joint contract of Isaac Wheeler & the said Robinson of the 11th of October 1816. On the 2nd quarter of 1840, Simon Gilbert, under instructions of the 11th of April of the same year, resurveyed this north boundary and the east thereof on which he established new corners, viz: from the 1st section corner on the south boundary line to the east corner of the township (3 miles 41.10 chains) was paid to S. Gilbert in the 3rd quarter of 1840, and charged in the account current of the Surveyor General during that quarter, Voucher N° 4. The east boundary, 12 chains, was surveyed in the 2nd quarter of 1827 by S. Harrington. In the 2nd quarter of 1840, Simon Gilbert, under instructions of the 11th of April of the same year, resurveyed the line detailed in Statement B, 1.3 miles 40.09 chains, and measured the right bank of Illinois river along the township 7 miles 72.10 chains. These resurveyed surveys of the sectional lines & surveys of meanders, were paid for in the 3rd quarter of 1840, and charged in the account current of the Surveyor General during that quarter, Voucher N° 4.

Copies of this plat, now in the 22^d of May 1843, sent, one to the Commissioner of the Genl. Land Office and another to the Register of the Land District of Dixon, Illinois.

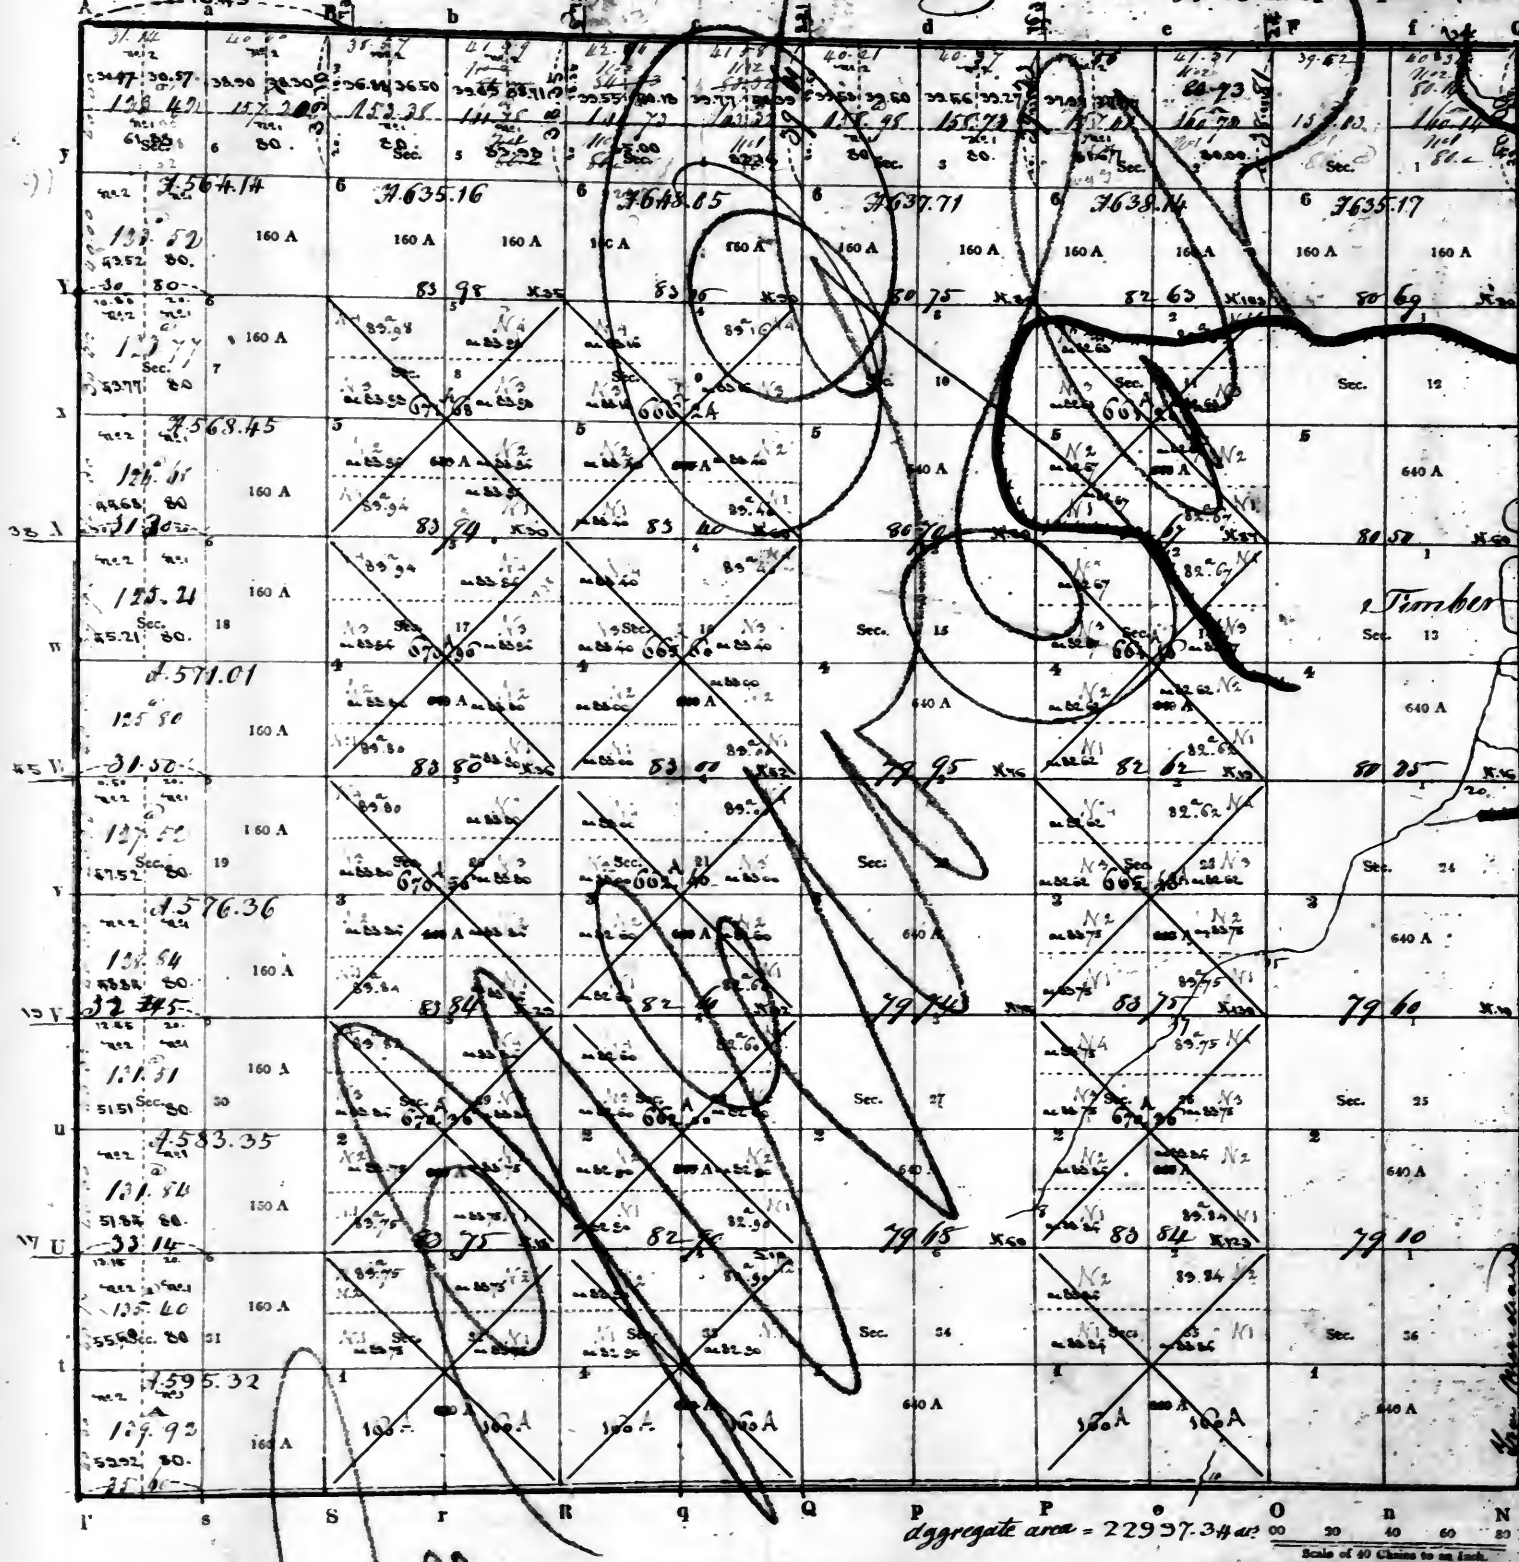

*Surveyor's Office
St. Louis 22^d May 1843.*

The above plat, showing the areas of sections 8, 9, 11, 14, 16, 17, 20, 21, 22, 26, 28, 29, 32, 33 and 35, township 16 north range 3 east of the 4th principal Meridian, and the areas of the several quarters of said sections, with the south half of section 8, the S.W. quarter of section 9, section 17, the north half of section 21, and the north west quarter of sections 21 and 36, subdivided as is to conform to previous sales of the lands within said sections marked S, has this day been made out agreeably to the instructions of the Commissioner of the General Land Office of the 1st May 1843 — The Commissioner also directs that the subdivisions heretofore made on the township plat on file in this Office, of all the sections represented on this plat, be cancelled.

Silas Reed

Surveyor of the public lands in the State of Illinois and Missouri.

Township No. 16 North of the base line, Range No. 3 East of the 4th principal Meridian.

Surveyor's Office
St. Louis, April 28, 1876
The N. W. 1/4 Sec. 2, the

& sent a copy to the Register
& another copy to the Comptroller
of the Land Office.

Director of the East
Magnetic Bureau

PURSUANT to a contract with, and instructions from William Rector, Surveyor of the lands of the United States in the State of Illinois, Missouri and Territory of Arkansas bearing date the twentieth day of March 1862, I have a measure 1, laid out and surveyed the above described Township; and do hereby certify, that it had such marks and bounds, both natural and artificial, as are represented on said plat, and described in the field notes made thereof, and returned with this plat into the Office of the Surveyor of the Lands of the United States, in the State of Illinois, Missouri and Territory of Arkansas —

Certified this 17th day of February 1892
 EXAMINED.

Thos. Rector D. SURVEYOR
Stephen Rector

Note. In the interior Sections subdivided into half quarters the No. where the quantity of acres is not written understood to be equal in superficies to the nearest subdivision where that quantity is set down on the same Section.

To avoid a multiplicity of lines and figures in anomalous subdivisions of parishes, it might be useful to observe - That in general the number of acres contained in each ^{town} of an interior parish is the same as the number of tithes & lands written on the E. & W. tithe maps contiguous thereto, & which in some cases the same figure appears on the tithe map of

1215. 20555. 52975 and 52976. 20110 and 20111.
 Surveying Office
 dated 21st May 1890
 The subdivisions of sections 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25 of the township have been cancelled (as indicated) and sections made up as directed by the Commissioner of the General Land Office.

Township No. *17 North*

of the base line, Range No. *3 East*

of the *116* principal Meridian.

Surveyor-General's Office
 St. Louis, the 14th April 1870.
 The Chief of Section B was to day laid
 down on his plat, according to the first
 notes of the survey stored in his little
 office, which have been examined and
 approved. The East boundary of said Section
 was surveyed in the first quarter of 1871
 by James D. Thomas, and the North and West
 lines of said Section were surveyed by
 the 2d quarter of 1874.
 William Mellon
 Surveyor of the public
 lands in Illinois and
 Wisconsin

Office.

Aggregate area = 22893.11 acres

Pursuant to a contract with and instructions from William Packer Surveyor of the lands of the United States in the
 Territory of Minn. and Dakota bearing date the day of 1896 I have addressed said out and
 among the above so called Townships and do hereby certify it had such marks and bearings with respect
 and official as are represented on said plat and described in the field notes made thereof and
 returned with the plat into the office of the Surveyor of the lands of the United States in
 the Territory of Minn. and Dakota.

Subscribed this day of Sept 1877

of the 4th principal Meridian

The quantities set down in black ink, in the U & N is quarters of sections 1, 2, 4, 5, the SE quarters of sections 6 & 30, the N quarter of section 18. the N & NE quarters of sections 7, 10 & 31 the true areas thereof. And the quantities set down in red ink in the said quarter sections are conformable to the plat of this township in the General land office.

Note The field notes of the
boundary of this Township do not
state that a corner was estab-
lished to section 34 & 35. But
as the notes of a subdivision
call for a line running N 60° E
between said sections and the
notes of the line between sec-
tions 24 & 25 mention a
distance of 1/2 mile from a
corner at that point, I
doubt but a corner was estab-
lished.

Surveyor J. W. Brown
Done Jan. 21. 1863

Subdivided under the Act of 1832, viz:
the NW quarter of section 18
also: so as to conform to previous sales, reported by the Reg:
on the 15th Aug. 1843, viz:

the NW quarter of sections 1, 2, 3 & 5.
the N. E. & S. E. quarter of sec. 6
the N. E. of section 7
the S. E. quarter of section 18

and that, this day, copies of the plat, are to the Reg:
and to the Comm.

Note
According to the notes of the survey of the East boundary of this township, the corner of section 12 & 13 is in the river, and the East boundary of section 12 intersects the NE bank of the River at 1.00 chain - The notes of the survey line, East between sections 12 & 13 call for intersecting the N. E. line at the point on the N. bank of the river. But from what point said line was corrected West is not stated, it is considered however as having been correctly done, and this plat is constructed accordingly - this notice being given for the information of all who may be concerned, interested therein

Township N^o 13 North of the Base line, Range N^o 4 East of the 4th Principal Meridian

No Surveyor's Office
Saint Louis 9th April 1842.
The distance of 70.91 chains, set down on the 1837 sec. 18 N. 19, according to the notes of the survey, there is a file in the office, being evidently erroneous, as differs so materially from the length of the line between sections 7 & 18 (Sec. 18, 19) have been therefore calculated by determining the length of said line between sections 18, 19 & 20 to 70.91 chains.

No 11
Note: The part of section line marked thus are the half miles along which the land is reported. Not for calculation.

21st Nov. 1842, submitted to the Commissioner of the General Land Office a plat of the 36 Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36.

Surveyor's Office
Saint Louis 9th April 1842.

The above plat of Township 13 north of the base line, range 4 east of the 4th principal Meridian is strully conformable to the field notes of the survey thereof on file in this office, which have been examined & approved. The South bound. any was surveyed by J. Harrison & Isaac Edwards Robertson, - the East - North (and West boundaries were surveyed by said Robertson all in the 4th quarter of 1836 under the joint contract of James Hunter and said Robertson dated 29th July 1836. The subdivisions lines were surveyed in the 4th quarter of 1836 by James Hunter.

Jos. C. Brown
acting Surveyor of the public lands for the district of Illinois and Arkansas.

Stephen Reider
Surveyor

Surveyor's Office.
Saint Louis 28th of January 1821.

The above plat of fractional township 18 north of the base line, range 4 east of the 4th principal meridian, is strictly conformable to the field notes of the survey thereof on file in this office, which have been examined and approved. The north boundary, designated "Old Indian boundary line" was surveyed by Abner Elbert and Jonathan A. Dean, in the 5th quarter of 1821, when executing the contract of Stephen Reider and Thomas C. Reider of the 20th of March of that year (which included the survey of this fractional township) in consequence of not being able to close the public surveys to the said boundary as originally surveyed by John C. Sullivan, directed by James M. Duncan, in the 1st quarter of 1819, under the authority of a letter of appointment from William Reider Surveyor of the Lands of the United States in Illinois and Missouri, dated the 18th of October 1818, authorizing them to survey certain Indian boundaries, under the direction of Commissioners Graham and Phelps appointed by the President of the United States to run out the line of the tracts ceded by the treaty of San Juan of the 24th of August 1816 - This being the line agreed to be run due west from the Southern extremity of Lake Michigan to the Mississippi (vide page 177, lands laws, edition of 1829) - That survey by Sullivan and Duncan is therefore abandoned as a boundary to the public surveys and the line of Dean and Elbert adopted in lieu thereof - The east, the south, and the west boundaries, and the Subdivision lines were surveyed under the before named contract of Stephen Reider and Thomas C. Reider of the 20th of March 1821.

Surveyor of the public lands in

Recon-aw

Township N. 10 North of the Base line R. 5 East of the 4 principal Meridian

Reference to the field notes of the survey of this township. S. Boundary in Book 277 date October 1816. E. N. & W. boundary lines in Book 282 date November 1816. Subdivision in Book 1237 date March 1817.

Note 1 The field notes of the random line East between sections 1412 state that the said line intersects the N. & S. line, 3000 lbs. N. of the corner. This is supposed to be a mistake, and that the distance ought to have been set down 300 lbs, and this plot is constructed accordingly.

Note 2 From the field notes it appears that the random line East between sections 1414 intersects the N. & S. line 10 lbs from the corner. They do not state whether the falling is to the South or North.

Pursuant to a contract with and instructions from William Beeton, Surveyor of the lands of the United States in the Territory of Illinois and Missouri, bearing date the 19th day of October 1816 I have and mean to have laid out and surveyed the above described Township and do hereby certify that it has such marks, and corners, and boundaries as are shown on this plat and are described in the field notes made thereof and returned with this plat into the office of the Surveyor of the Lands of the United States for the Territory of Illinois & Missouri.

Aggregate Area 22943.70 Acres.

Surveyor's Office. St. Louis 18th Sept 1844.
The Register at Quincy, on the 12th of September 1844, having informed this office
that Section 6 T. 6 N. R. 6 E of the 1st pt. Meridian had been patented as military
land, and as containing 640 acres, pursuant to the survey of its true north
boundary, by D. A. Spaulding, in 1843, in which is the certificate to the
above plat, — the said section 6 is this day cancelled on said plat, and this
cancellation is here thereof; and the areas of the two tracts in the strip between
the 'old' and the 'new' range lines are calculated separately from the former
area of sec. 6, in order to conform to its disposition by the U. States, as reported
by the Register.

Feb & March 1874

Examen d'Impero Summa.

Surgeon's office. Saint Louis, 31st of January, 1844.

The above plat of that part of sections 6, 7, 18, 19, 30 & 31, T. 1. N. 26. E. of 4th principal meridian, which lies West of a line drawn from the point a at the N.W. cor. of Sec. 6, T. 1. N. 26. E., on the Wash. boundary of the 31, is strictly conformable to the field notes of the Survey thereof, on file in this office, which have been examined and approved. The said line a b, had been erroneously reported as being the west boundary of this township. On March 1863, B. A. Spaulding, under instructions of the 3^d of March 1862, surveyed the lines between Secs. 6 & 7, 18, 19, 30 & 31, from said line, West to the C. by of T. 1. N. 25. E. and also the C. by of Sec. 31, West to the C. by of T. 1. N. 25. E. - He also measured the said erroneous line a b, along lat. 13.76, the distance 1st down in Black Bluffs - in all, 3 miles 27.35 chs, which were paid for on the 3^d of March 1863, and charged to the account current, of the Surveyor General, during the same quarter, under the appropriation of \$1,000, of the 3^d of March 1861, for surveying 500 miles of unfinished and detached lines in North & Missouri, at a rate not exceeding one dollar a mile. See page 29 of acts of the 2^d session of the 36th Congress.

Dec 19

Matthe	1 Copy for ref =
--------	------------------

[Handwritten signature]

Ans: 1. No for Corro =

Recorded

Township No. 16 North of the base line, Range No. 7 East, of the 4th principal Meridian.

Note. The line between sections 5 & 8 has mostly changed a line, which is partly unimproved; the said line was not surveyed, and the area of the S.E. 1/4 of section 5 was estimated by dividing into equal parts the North boundary and taking the middle average between that and the line between sections 5 & 8.

Aggregate area 22872.31 acres

PURSUANT to a contract with, and instructions from William Rector, Surveyor of the lands of the United States in the States of Illinois and Missouri and Territory of Arkansas, and Missouri and Territory of Arkansas, bearing date the 20th day of March 1828, as is expressed in previous plat, and described in the field notes made thereof, and returned with this plat into the Office of the Surveyor of the Lands of the United States, in the State of Illinois and Missouri and Territory of Arkansas.

Certified this 16th day of November 1828

of Sec. 35 to the Commissioner and the Register.

Surveyor's Office. St. Louis. 31st of February 1844.
This plat was this day completed by laying down
the line, Sec. 35, in strict conformity with the
field notes of the survey and surveyors thereof
on file in this office which have been examined
and approved. It was completed in March 1843,
by B. A. Spaulding, and was signed by the
Genl. L.O. to wit: the double bearing of
Sec. 35. 45. 12 chains - and the measure along
the section line 10. 50 chains - in all 1 mile
56. 32 chains which was paid for in the 3rd
quarter of 1843, and charged to his account.
Current of the Survey General, doing the last
part, under the appropriation of \$25000 of the
3rd of March 1844, for surveying 500 miles of a public
land which was in the hands of the Surveyor at a cost
of \$25000. 2nd of March 1844.

Surveyor's Office
St. Louis. 10th Sept. 1842.

The above Plat of Township 9 North of the base line in Range 8 East of the 4th principle Meridian, except fractional Section 35, is conformable to the field notes of the Survey thereof on file in this Office.

Var. 7th 45 East.

Surveyors Office, Saint Louis, 28th of January, 1844.

The above plot of township 12 north of the base line,
range 10 east of the 4th principal meridian, is strictly conformable to the field notes of the surveyors and surveyors
thereof on file in this office, which have been examined and approved. They were executed in the month of March
1843, by L. A. Spaulding, under instructions of the 31st of March 1843, to wit: the west boundary 31.12
chains - the north boundary 34.50 chains and the measured, 66.70 chains - the work was paid for in the 3rd
quarter of 1843, and charged in the account current of the Surveyor General during the same quarter, under
the appropriation of \$6000, of the 3rd of March 1841, for surveying 500 miles of detached and ungranted lands
in Illinois and Missouri, at a rate not exceeding fifty dollars a mile. See page 23, Act of 2^d Session of
the 26th Congress.

Note. The line between Sect 2 & 4 was first surveyed on the 2nd day of January 1816 by Wm. Telford, John McKee and Moses V. Grant and stated in their field notes of the survey thereof to be 437.16 ch. and at 80.00 ch. North of the corner to Sect 2, 3 & 4 was the 1/4 Sec. cor. established. Milton Moore on the 5th day of Novr 1827 in resurveying & renewing the said line under the contract of John Messinger of the 1st day of Decr 1826 found the Old 1/4 S. c. at 50.50 ch. North of the said corner to Sect 2, 3, 4 & 10 and at the river at 43.15 ch. being 3.65 ch. North of the 1/4 S. c. - he established a new corner for fractional Sect 2 & 4 in consequence of refinding the Old corner. - The area of the NE fractional quarter of Sec 4 is calculated according to the remeasurement of 3.65 ch. North of the 1/4 S. c. - See the new plat in Vol. 25, page 7. -

All except Sect 4

Scale of 40 ch to an inch

Pursuant to a contract with and instructions from Colonel Telford, Surveyor General of the United States bearing date the 3rd day of September 1815.
